The AMBASSADOR

PUBLISHED BY THE STUDENTS OF ASSUMPTION UNIVERSITY OF WINDSOR
Poul Kennedy — Editor
Two Countries, two cities, side by side, joined by a bridge ... the Ambassador Bridge. Next to the bridge, in the Canadian city of Windsor, there lies a university campus — Assumption University.

Within the buildings of that university, young men and women of all races, colours, and creeds undergo a vital part of the process of growth. When these young people leave this campus, they will have been prepared to be ambassadors to the world ... ambassadors giving freely of all their talents, discriminating against no one, co-operating for a better world in which to live.

This is Assumption's story ... one of blending, one of inner growth, one of learning from all things. As we live so do we grow.
Perspective

Come September... new classes, old friends, familiar teachers, new faces. A lively student body begins another year of development and growth. The first weeks are crowded weeks of adjustment — crowded with activities and classes, crowded with adjustments to courses, to roommates, and to hundreds of new associates.

Whether participating in the Frosh Week activities — the Fair, the Variety Show, or the Queen's election at the Frosh hop — or whether working in classes, in the library, or in one's room, each student is learning all the time. There are moments of work, moments of pleasure, moments of leisure. Students learn how to take a little hazing good-naturedly, how to receive unexpected honours graciously, how to work with others, how to give, how to take, how to become wise and active citizens.

Friendships are quickly formed and there follows an exchange of ideas and customs that serves to broaden the student's outlook as well as providing interesting fun. It's quite an experience for the newer students and a welcomed experience for the older students.

Whoever gets that beanie is an honorary Senior for a day.
Whoops, Pardon my foot.

Students from all over the world welcome a chance to get acquainted over a cup of coffee.
The Trades' strike halted our building programme for two months. And students registered their protest.

Frosh Queen Madelyne Nardella receives her crown from Dorit Kriss, last year's queen.

Girls from Holy Names' Hall had a chance to display their talents in the Frosh Variety show a few weeks after school started.

Along with all the thrill of extra curricular events, the student body had the thrill of seeing a large part of the building programme come to fruition... or nearly so. The strike which held up completion of the University Centre and the new residence, not to mention the essential finishings that had to go into Essex College, was no popular one. It provided a topic for discussion for weeks in and out of classes. Finally, students organized and raised a protest through public demonstrations. A short while later, the strike was over and work was begun again before the opening of the Centre December 1. Thank heavens for that!
Before too long, the Frosh learned what the inside of the library looked like... and how!

It doesn't take long for the whole student body to get into the swing of normal routine. Before the first semester is too far advanced professors make sure no one is going to be idle. They outlined their courses in full, and listed the first set of assignments and their dates to be handed in. A mad rush to the library! The pressure was on until Christmas.

Still, the process goes on. The pains, the trials, the heartaches, the disappointments go hand in hand with all the happiness, joys, and friendships. Old ideas are discarded and new ones taken up, and perhaps they will soon be replaced with other ideas. Everyone is changing. Friends remark on it when the student goes home for a holiday... Thanksgiving.

The days roll by and November comes on. Excitement mounts again. The retiring Premier of Ontario will come to open Essex College building right after Fall Convocation. Colour was the order of the day as everyone in his cap and gown marched to the steps of the building to see it opened.

Premier Frost opened the new Essex College building. Engineer Gary Dunlop was there to give him a hand.
Crisp autumn air and the thrill of a football game are essential elements of every fall semester at Assumption. Teamwork makes for successful fun.

Athletic Directors at school were not twiddling their thumbs all this while. Teams plunged into Inter-University competition almost immediately and as well, an extensive intramural programme was begun. Football was the highlight of the local sports scene with rugged and close play the order of the every game.

As well, behind a tight schedule of school work, clubs have received their budgets and embark on a year full of various chances to see and learn and do. Fall brings with it the first dramatic production of each year. Sadie Hawkins Day is the highlight for the Women's Activity Council. Canadian-American relations are discussed by high officials visiting the campus. More growth.

Co-operation in quiet study was one of the first values that every student learned. The study hall in the library was about as quiet as one could get it.
Three students rehearse for the Dramatic production.

Sharp Assumption cadets line the path to be taken by the Canadian Governor-General up to the opening of the new University Centre.

Students browse through the Treasure Van.

The Commerce Club Executive put their heads together at their banquet.
One of the big winter attractions was the basketball game and dance on many of the week-ends. The team made an excellent showing this year.

Decorating for Christmas helps get the girls in the happy spirit of the holidays. Before long, everyone will be on his way home.

The year rolls on. Marks have to be in by December 15 and everyone rushes madly to get assignments in and study at the same time. It is difficult when so many activities crop up and now that each person feels more at home in both his studies and his social life, it seems that there is even more to do. The Christmas break is a welcome one, nevertheless.

After the Christmas vacation, it's right back down to work. Mid-terms!

Homecoming weekend is the featured weekend in January. The new Centre will be opened for regular use. And later on in the year, the Shakespearian Players are supposed to come to the University. That means getting down to work right away to have time for all the fun to come.

This is a portion of the large crowd that attended the Homecoming basketball game and dance at St. Denis Hall. The dance was just as successful as the game in which the Lancers beat Queens University by a large score and went over the 100 mark in points.
After Christmas, the University Centre became a scheduled distraction for the students. It was a beautiful place to forget the hustle and bustle of classes and assignments and to relax in every sense of the word and in the most luxurious comfort.

Spring brings with it thoughts of fancy and love to Assumption students. They fancied what would happen if they failed their exams, and they loved all the activities in the school that seemed to take on a new excellence within the new Centre. In all seriousness, the students begin to prepare for finals. Nevertheless, they could find time to drop into the Centre. It sure was hard to leave it and hit the books at times.

Spring also brings the annual retreat which does the double service of preparing students for exams and for Easter.

As April rapidly passed by, all the students began to bear down and concentrate for the final examinations. For some, it was their final set of exams at this University and they especially wanted nothing to go wrong for them.

As our school year came to a close, students paused to recollect the greatest sacrifice in the history of man and the mystery of Easter.
Graduation day! Students are as proud as punch of their achievement. Ended are months of study and learning. But intermingled with the sweat and tears of school work have been all the experiences of extra-mural and social activities.

Now, as family and friends arrive to witness the final formal acknowledgement of achievement for each student, all the diverse elements of associations at Assumption blend into an integral whole. Pride swells in every heart as the whole-ness of education is completed. The whole day is the most special day of a life-time.

The procession is beautiful in its solemnity. The challenge is repeated to the graduating class to make the world a better place to live in. Undergraduates heartily congratulate the Seniors and look hopefully forward to the day when they too will mount the stage to receive a diploma.

They leave... Ambassadors to the world... Good fortune to them.

Our S.A.C.

B. Sperandio, A. Noel, C. Moran, T. Collier, P. Marion, P. Mitchell, R. Patillo, O. Bourg, V. Rich,
Dear Fellow Students:

From a small college nestled in the shadow of the Ambassador Bridge, Assumption has expanded its facilities to become a member of the family of Universities. These new facilities, however, are only an external manifestation of a deeper inner development, the living cornerstone of our education at Assumption.

This life should develop from the blend of academic, cultural, and social activities which we select, and provide us with confidence to integrate new experiences steadily into the pyramid of our lives.

Let us pray today that the education we receive at Assumption may give us the fortitude and stability which we will need to lead the world in the ways of peace and co-operation tomorrow.

Sincerely,

Lavern R. Pich

S.A.C. President
The National Federation of Canadian University Students Committee is a sub-committee of the S.A.C., sponsoring many activities on a national plane such as the Student Discount Service, the Blood Drive, the Literary Contest and National Seminars. The executive authority is vested in the S.A.C. It is that part of Assumption that connects her with all other councils across the country, all having similar ties with the Federation.

The sponsoring of the Treasure Van has been the main activity of W.U.S. on Assumption's campus. Through this annual event our University is able to co-operate with students throughout Canada and the rest of the world in aiding needy students.
The main aim of the Nurses on our campus is to further their knowledge and abilities in order to meet the ever-increasing demands of this great profession. Our nurses formed one of the most active groups on campus this year.

One of the most valuable services performed by the club was to the N.F.C.U.S. Blood Drive. The girls had a large share in the great success of this year's drive.

The spirit of world solidarity and cooperation is the aim of the U.N. Club at Assumption. Through the success of the third annual Seminar on Canadian-American Relations, this high goal is rapidly being approached. This year was the third such seminar held at Assumption. Speakers from both countries and at various levels of public life gave their time to discuss important issues of today.

As well, U.N. Club members heard speakers from foreign countries who took the time to speak to the group on international affairs. A group also went to the model U.N. in Montreal.
Women's activities on campus under the able guidance of W.A.C. provided many enjoyable events throughout the year. The Sadie Hawkins and the Children's Christmas party were just two of the fine activities.

The Canadian-American Brotherhood is one of the newest organizations on our campus but by no means the least active. Their co-operation with all the other clubs has made them one of the most popular on campus.

Kaleidoscope

Harold Barratt (editor-in-chief), Mr. H. Plante (editor)

Kaleidoscope is the annual literary publication of the Assumption students in which all types of creative writing are displayed. For years this magazine has served to give expression to the creative thinkers and writers. It stands as a lasting collection of the literary efforts of all the students. For the first time, the students on our campus took the initiative and began to print a periodical publication, the Babelian Voices, to give greater opportunity for the creative writers to have their pieces criticized and, if good enough, printed. Adrian Van den Hoven was the editor and Dr. Ralph Nelson was the group's moderator. They did an admirable job.

Babelian Voices

Bridge Club

Modern Languages

**Physics**

The physics club holds regular meetings throughout the year at which they see films or hear distinguished doctors speak on a variety of scientific subjects.

**Chemistry**

In this space age Chemistry plays a major role in the pursuit of knowledge. Through the aid of films and tours the members obtained great information on the latest developments in this special field.

**Biology**

This year the biology club presented a varied and interesting program aiming to further the knowledge of all the members and all those interested in medicine, dentistry and bacteriology.

The Psychology Club is one of the most popular clubs on our campus. Panel discussions, films on thought provoking topics, and guest speakers were frequently featured. This program appealed to everyone interested in people, their problems and relations.
For those who find the more natural modern type of music to their liking, the student jazz club in its second year on campus provided ample opportunity to hear and see the latest groups. Records and jam sessions were the order of local campus activity while once in a while, Father Daley and the entire club would journey to Detroit to take in one of the top jazz artists.

Dr. Mateo Ginski directed the chorale society again this year. Their outstanding contribution was to the Christmas concert. This group provided 'the other half' of music appreciation, that of the formal and semi-classical variety. The club also enjoyed musical evenings and record parties.
Radio Club

One of the most active clubs, the Radio Club in just six short years has grown to a full-fledged professional organization, offering its valuable services at many of Assumption's special activities.
On campus, the three services select and train undergraduates as officers for either the Regular or the Reserve forces. The ambition of all candidates is to merit the Queen's Commission.

University Naval Training Division

University Reserve Training Plan

Canadian Officers Training Corps
Canterbury Club

The Canterbury Club is for all students interested in the life and teachings of the Anglican Church, and its purpose is to apply Christianity to campus life. Canterbury has been a strong and active club this year, and hopes to continue to be so in future years.

Legion of Mary

The aim of the Legion of Mary is the sanctification of its members by prayer and active cooperation in the advancement of the reign of Christ. It strives to move to action those who love God in order that others may come to love Him more through His mother Mary.

United Church Club

It is the aim of the United Church club that students may find in its activities a strengthening and enriching fellowship to the end "that all may be one" in Christ.
Three Angels, Michael O'Regan, Carl Idzinski, and Paul Black ponder the unconscious form of the fair daughter, Dianne Brown, in the Drama Club's first semester production of My Three Angels.

To produce a play requires many hands besides those of Director, Daniel P. Kelly. Shown here are all the members of the Drama Club, from stage workers, electricians and sound technicians right on down to the costume mistresses and the cast. The success of the three-act comedy was a real tribute to all these people who had a barrel of fun pitching in whatever way they could.

What is Christmas without a Christmas toast. Three convicts thoroughly enjoyed the hospitality of Adrian Van den Hoven and his wife Gerry Myron. The Three Convicts freed this family from the tyranny of an uncle by losing a pet snake in his bedroom. In the end all turned out well for everyone and the daughter found a true lover.

Dreaming

Dream
When you're feeling blue,
Dream,
That's the thing to do,
Just watch the smoke rings rise in the air,
You'll find your share
Of memories there,
So, dream, when the day is through
Dream, and they might come true
Things are never as bad as they seem,
So dream, dream, dream.
I could have danced all night,

and still have danced some more.
I could have spread my wings, and done a thousand things

I've never done before
Two of the new students not only showed that they got into the swing of things, they got into "The Twist" of things at the first annual Frosh Fair held in September. It was all part of the 'voluntary' variety show.

If any of our strong husky Freshmen needed an outlet for their extra energy, the Drama Club provided a car to be wrecked at three smashes for a nickel. But that was rather slow so the men took things in their own "hands."

Taking time out from the dance to pose for a picture are Bob Sperandio, Bernie Vieau, Vern Pich, Beth Turner, Sandy Tobin, Trev Collier, Pat Taricone, Frank Marotta.

Palmer Nell, Maryann Brady, John Volpe and Danielle Renier enjoy a popular coffee date.

Studying can be a lot of fun if you’re as lucky as Jack McCartney and have a helping hand from Joanne Camuzzi.
Social life took on every aspect at Assumption and the spiritual joys were often shared by the students. Visiting the church here are Martha Gosling and Tom Sempowski.

Hard workers from the Canadian-American Relations Seminar enjoy cake and coffee while they hash over the exciting happenings of the panel discussions. This was the third year for the Seminar.

Social life on our campus was always beneficial in several ways. It gave everyone a chance to get out of the rut of a routine of work and study and to enjoy the friendship of young people from many different walks of life.

Dances certainly were in no scarcity and quite a few of the students took up the "Twist" craze. As well, there were athletic games and contests to take in, and lots of good movies.

Some young couples got a kick out of just walking and talking and walks would sometimes end with a visit to a favourite chapel.

This year was also a year for the card craze. "I've never seen anything like it" students would remark. In the old lounge under the gym, a lot of people played bridge. But when the new Centre opened, it seemed as though everyone were playing.

So often people think of college students as happy-go-lucky fun lovers, always having a good time. But the students did work and when they were done, they relaxed the best way possible.

For some, relaxation and fun came through club activity. There was always a chance that one could be lucky enough to be sent away to a convention or rally. And too, there were ample opportunities for attending banquets. There, businessmen and engineers would likely speak to an eager audience.

On the cultural side of our social life, there was some very fine entertainment. The Christian Culture Series was at its usual excellence. A fine arts film series was sponsored. Dr. Glinski and the music department held musical evenings for lovers of classical music.
It was a cold, cold winter in some stages but that just meant certainty for those who hoped for a skating rink out behind the school.

This group of college students looks like they may develop some clashes of interest before too long.

Cold mornings often meant a dangerous walk to school or else the car was sure not to start. But cold weather had some good points about it too. The students went skating and skiing and some even drove out to a hill for a tobogganing party.

Winter meant Christmas too. Christmas every year meant the annual school concert and variety show, and the Christmas dance. The girls at Residence also add their own little extra to the winter season by providing a little bit of warmth for underprivileged children at a Christmas party.

Ski trips were organized by some of the students and were joined over the Christmas break. These might be held in Michigan or arranged through agencies for northern Canada.

Besides local campus activities and a few nearby, students often went down to town, even over to Detroit to take in one of the latest shows. One prime attraction during the year was Mantovani’s visit to Detroit. There were night spots in both cities that were attractive.

There was nothing like the good old bull sessions the students got into while sitting around in the D. H. or the Embassy or one of the other favourite local taverns. It was all a part of social life.
If someone would sit down to play the piano, there was always an obliging group who would join in for a sing-song. This small group were caught having a barrel of fun in the lounge of the new University Centre.

Holy Names Hall was a beehive of activity so far as social life on the campus goes. The Sisters must have had their hands full with a full house of girls and as well with all the boys that dated them calling in through the week. But even in their own recreation room the girls had their private record parties and sing-songs and card games. It was fun just to lounge around and take it easy without the worry of someone coming in — like a male.

The men did manage to invade "the fortress" once or twice but it was with an invitation to the fine social evenings the girls held.

Bowling dates were very popular too. The student could combine a little exercise with fun and at very little cost too.

On the whole, Assumption's social life is well-rounded and complete. Any and all kinds of talent can be put to good use because there is ample opportunity to get the nose out of the books and learn about some of the more enjoyable avenues of life.

Everything makes the student learn and grow. There is no such thing as not making friends and having a good time at Assumption unless a person is an isolationist. This is the opinion of the young men and women who work hard to meet the standards of the school and do it — and then enjoy the many opportunities for rounding out their education.
Queen of my heart
I love you,
Queen of my heart
I love you,
I always knew,
It would be you,
Since I heard
Your lilting laughter,
It's your smiling heart
I'm after.

The Charming Miss Madelyn Nardella

Athletics
Men's Athletic Council

The promotion and direction of athletics is governed by the Athletic Council. Its main concern is the functioning and organization of intramural sports. During the past year, it has been responsible for the spirited participation of the men on campus in the various intramural sports such as football, basketball, curling, and hockey. It is the Council's main preoccupation to organize any sport on campus which may be of interest to the men. With the support of the Athletic Department, under the direction of Dick Moriarity, Athletic Director and Fr. Hussey, moderator of sports, in coherence with the efforts of the alumni representative, Rod Scott, and under the student presidency of Jim Cushing, the Council was more active than in past years.

ATHLETIC DIRECTOR
Dick Moriarity

SIXTH YEAR AS DIRECTOR
A graduate of Aquinas Institute, Rochester, Dick came to Assumption in 1952 where he received his Bachelor's Degree four years later. Assumption's enrollment was 600 students when Dick started as Athletic Director in 1956 and is now over 1,400. The athletic program has expanded even more rapidly under his guidance.

MODERATOR OF ATHLETICS
Rev. J. Hussey, C.S.B.

ALUMNI REPRESENTATIVE
Rod Scott
Women's Athletic Council

Similar in function to the men’s council, the women’s athletic council is primarily concerned with the organization and promotion of girl’s sports on campus. Cathia Gilbert, President of the Women’s Athletic Association, stated that the program is designed to provide competition, exercise, and just plain fun for all those interested in participating. For that reason the program was extended this year so that even the least athletically inclined could participate. This year’s intramural sports included basketball, swimming, volleyball, badminton, and bowling, all of which drew more enthusiasts than in previous years.

Sue Deziel, Mary Ann Pamajbo, Cathia Gilbert (President), Judy Stefanski, Gail Emmerson, Cathy Comuzzi, Carmen Eaton, Mary Marr, Danielle Renier.

Welcome Home Sis

Sis Thomson, newly appointed Assistant to the Athletic Director in charge of women’s athletics has returned to Assumption after a three year absence. She has experienced a tremendous increase in interest among the girls in all fields of athletics and, as a result, the women’s athletic programme scored resounding success.

ASSISTANT ATHLETIC DIRECTOR
Mrs. Wm. Thomson

MODERATOR OF ATHLETICS
Sister Rose Kathleen

EQUIPMENT MANAGER
Fred Luxford
On fall afternoons 100 of Assumption's most manly, participated in Intramural football on the back campus. Enthusiasm ran high as the four teams fought for the school title.

In the regular season the Seniors took three wins to go undefeated. The Juniors and Sophomores tied with records of one win, one loss, and one tie. True to the school tradition, the Freshmen remained in the cellar with no wins and three losses.

An interesting feature of this year's league was the equality of the teams, save for the Frosh who could field only a small team. No game between the top three teams was won by more than one touchdown.

Tears Typify

Competition

Tough defensive play along with a wet and muddy field, explain the lack of high scoring games.

There were many interesting side lights. Remember the time the Freshmen almost scored, or the disastrous hand injuries that made it hard to hold a pop bottle, or for that matter a football. At the season's end the air was full of the familiar plaints: Wait till next year (Fresh); What a fluke (Sophs); We was robbed (Juniors); We showed them who the real men were (Seniors). The only statement that was agreed to by everyone was that playing football is the best way to spend Autumn afternoons.

Frank Sotlo, Lloyd Atkinson, Dan Jansen, Mike Keenan, Joe Likou, Dave Hannay, Charlie Boyle, Pete Clark, Ron Blizchuck, Coach Bob Sperandio, Bill Shenden, Dave Kiskiss, Phil Fitzpatrick, Pat Cultane, Jim Kesselring, Terry Bond, Larry Boswick, Tom Scheuerman, Al Stan, Don Kasta, Dan Moran.

What should we do now?

Going all the way, Dave?
The Victors

The Seniors met the lowly Freshmen in the first semi-final game and the Frosh were edged 37 to 0. In the other semi-final contest the Juniors crashed head on with the Sophomores, the Juniors emerging victorious, 8 to 1.

The Seniors looked towards the finals with confidence. They had the heaviest line, more pot bellies, and had allowed only one point in four games.

TERRY SPARKS TENNIS TEAM

Paced by the impressive playing of Terry Fahlenbock, the Tennis Team cupped the singles and doubles competition to win their division of the extramural meet at Toronto. Rebounding from an unsuccessful effort at McMaster courts a few weeks later, the team of Hackshaw, Flewelling, and Fahlenbock trounced all oncomers from Highland Park to clinch the tourney tennis title.
On Tuesday and Thursday afternoons, fifty Assumption pucksters scurry off to Windsor Arena to battle and vie in hope that their team will carry off the school laurels. The four teams, comprising a well balanced league, showed good sportsmanship throughout the season, as well as an abundance of hard board-checking, fast skating, and impressive goal-tending. Few of the games were marred by fights, and all furnished nearly sixty minutes of fierce body checking and diligent stick handling. Oft times the thuds, resonating boards, and groans, were heard as far away as the University campus.
Classes Clash—Rivalries Result

Early in the season, a bitter rivalry that was to last throughout the year arose between Fred Luxford’s Senior Snipers and Jack Costello’s Junior Jousters. The two teams traded victories early in the season in games that would have made a “Maple Leaf-Canadien” tussle look like a Sunday picnic. The absence of dexterity with a hockey stick was as unperceivable as was the roughness of the participants in all their games. The board-checking was vicious and the penalty box never completely vacated.

As the season progressed, another rivalry became evident, that of the Frosh and Sophs. However, this one was over non-possessional rights to the cellar and it looked like it would not be decided till late in the season.

</tbody>
</table>

The razor-sharp Lancers launched their 1961-62 Senior Intercollegiate Basketball League schedule in dynamic style by lambasting the O.A.-VC conference entry 111-45. By registering this score Hank Biasatti’s basket-happy hoopers established a new all-time scoring record for St. Denis Hall. Previous to that, the Lancers’ highest scoring victory came at the expense of the McGill University Redmen, 106-48, and Feb. 20, 1959.

The O.A.-V.C. quintet which made its league debut with this game, was certainly in the same class with that McGill crew of three seasons ago. They were outclassed from the opening whistle and certainly didn’t look as if they belonged in the same league as the Lancers.

The Lancers dazzled both at the free throw line and in scoring field goals. They pumped 101 shots at the basket and 43 of their attempts found the range for 42.5 percent accuracy. The squad connected for 25 of their 31 free throw attempts while the Redmen were successful on only 19 of their 31 charity tosses.

RAMPAGING LANCERS
RIP WESTERN, 65-50

While an overflow throng of 2,200 spectators whooped it up in New Year’s Eve fashion, Biasatti’s rampaging hoopers claimed their fifth straight conference victory by trimming the defending champion Mustangs 65-50 at St. Denis Hall. The triumph, accomplished in an expert and thorough manner, secured the Lancers in their first place berth in the conference standings.

Assumption outclassed the Western squad in every department. The Lancers outplayed, out-hustled, out-rebounded, and outscored the Mustangs.

Coach Biasatti shuffled his players in and out of the line-up freely, and although nobody was “hot” in the basket-scoring department, the Lancers’ superior bench figured prominently in the victory.

Sharing top scoring honours were Assumption co-captain Ron Graham and former Lancer star, Leo Innocente. Both counted for 13 points apiece.
Waterloo who had previously dropped a 94-92 overtime decision to the Lancers at Kitchener, played another respectable game and managed to enjoy a fair share of the offensive play. Superior rebounding and more accurate shooting by Assumption made the difference as each team pumped 79 shots from the floor. The Lancers hooped 26 field-goal attempts for 33 percent accuracy while the Warriors, obviously disturbed by Assumption’s strong defensive play, managed just 20 field goals. At the same time the Lancers sparkled at the free throw line by sinking 17 of their 20 foul shots.

Ron Graham was a standout performer on the attack for Assumption. He succeeded in sinking seven field goals and three free throws for 17 points. Jack Kelly, at the other guard position, was the only other Lancer to hit double figures in the scoring. He connected for 12 points. Frank Giblin, Bob Moore, and Dick Szeman combined for 29 points on the attack and were standouts on the backboards.

LANCERS BURY QUEENS IN HOMECOMING CONTEST

While a fine “homecoming” crowd of 1,500 hooted and howled with every flash of the scoreboard, Hank Biasatti’s basket happy Lancers swamped the Queen’s University Golden Gaels, 109-42. The coach was able to sit back and relax as his frolicking hoopsters ran wild at the expense of a weak Queen’s quintet. The Lancers forged into a fast 10-0 lead and it ceased to be a contest before three minutes of playing time had elapsed.

Biasatti gave each of his 12 eligible players the opportunity to get into action and each tallied at least three points. Five of them struck for double figures. Bob Horvath, at the guard position, was the Lancers’ top point-getter with 14 points. Bill Brown and Bob (The people’s choice) Hanson counted 14 points each, Ron Graham hooped 11 points and Dick Szeman bagged 10.

Highlighting the game was the crowning of Joanne Comuzzi as this year’s homecoming Queen, during the half time ceremonies.
Thursday Night

"The Swords"

Bill White, Harry Deckert, Jim Barry, Bob Taylor, Len Varrosa, Larry Baswick.

"The Royals"

Dave Kiszkiss, Lloyd Atkinson, Mike Keenan, Bill Schenden, Joe Kelly, Jim Kolb, Don Kasta, Mil Soganich, Bob Bauer.

"The Negaps"

John Volpe, Jim Dean, Barry Dydyk, Jerry Scherer, Terry Falhenbock.
Basketball Stars

"Los Trinidados"
Lio Cameron, Trev Acanne, Mika Hackshaw, Ron Hussain, Colin D'Arcy, Felix Manseque, Dave Ramdoorsingh.

Oh so graceful, Frank!

"The Corrupters"

"The Spartans"
Larry Bell, Dick O'Callaghan, Ron Blizchuk, Larry Likou, Paul MacNeil.
Basketball Beauties Best Ever

Showing depth and experience, the women's basketball team proved to be the forte of girl's athletics this year. By making a high percentage of their shots and allowing an equally low percentage of shots to be scored against them, Sis Thomson's troops easily rambled to successive victories over McMaster, O.A.C., and Waterloo, cupping top honors at the tourney held at McMaster University.

Let's not fight among ourselves!

This year at A.U.W. for the first time, the girls have had the opportunity of organizing an intercollegiate swimming team. Danielle Renier, an experienced competitive swimmer, has taken up the task of coaching the five girl team. The squad will be entering in such competition as freestyle, breast stroke, back stroke and orthodox. All are hoping for a successful first year in competition.
Determined Damsels!

Backing up the basketball team and standing just shy of the limelight this year was the women's volleyball squad. With few returnees, the Assumption sextet, under the captaincy of Eleanor Duda, could muster only a third place in the McMaster tourney. However, following their mediocre performance, the squad was soon whipped into shape, and went on to complete the season with an impressive record.

Heads up!

Women's Volleyball Squad

Eleanor Duda, Cathia Gilbert, Hermaine Coopman, Eileen Keller, Sis Thomson, Myrna Malowney, Valerie Pinke, Barb Mountford.

Batting back the birdie!

Ameri-Cans Top Competitors

Attracting 35 enthusiasts, bowling once again proved to be the most popular girl's sport on campus. The Ameri-Cans, on top of the league most of the bowling season, clinched the title by sweeping their last series, with the Senior entry, the Whistlers. The Blowers finished a close second, followed by the P.I.'s Lucky 7's, and Whistlers who tied for third. The Stampers finished sixth, and holding up the league were the Rockettes.

Women's Bowling League

Cathy Comuzzi, Mary Marr, Donna Leichleiter, Pat Bolger, Sharon Murphy, Carm Dureault, Lise Fournier, Anne Gillis, Eileen Keller, Mary Grzecocka, Jane Jozsa, Barb Hill, Hermaine Coopman, Anne O'Rourke, Tommie Richardson, Judy Kowcinak, Mary Thorpe, Mary McDonald, Joan Spinks, Bev Baxter, Helge Kunar, Cathy Eskert, Elaine Miller, Julia Cervoski.
Conscientious Citizens

Academic Album
My dear friends:

I respectfully suggest that you ponder these words of an outstanding scholar and a great believer, His Eminence Giovanni Battista Cardinal Montini of Milan:

"Prayer is the highest activity of the intellect, which, having reached the limits of its powers, calls on the other faculties, and especially on Love, not now in search of truth, but to surrender to it and to serve it. And a wonderful thing happens. The soul becomes aware of a Voice, living, strong, gentle as the voice of a friend, who from eternity has awaited this ineffable moment — for prayer is a conversation. How can we describe this encounter, how depict the beauty of this meeting of man with God — a beauty which the arts have striven, each in its own way, to express. For prayer is a living action, a communion."

Wishing you God's choicest blessings I remain

Devotedly yours,

John C. Cody

Bishop of London
My Dear Students:

Hearty congratulations to the graduates of 1962!

A thought was expressed in the citation read at Convocation (Dec.1) honoring the Governor General, which I think is worth repeating.

"Since the time of the Greeks, and more emphatically since the Judeo-Christian revelation, which culminated in Our Lord, enlightened mankind has striven to attain the excellent. In the *Iliad*, Homer portrayed the excellent in Achilles the soldier; in the *Odyssey*, he portrayed the excellent in the wily thinking leader, Ulysses; Plato idealized the Philosopher-King, in his *Republic*. In the *Old Testament* men revered the patriarchs, prophets and Kings. Christ Himself set the pattern of the excellent and His closest imitators are known as saints. In every age, the excellent has been set up so that the young could have before them what Whitehead calls "the habitual vision of greatness."

All education needs "the habitual vision of greatness." All teachers must show their students what is great and first-rate in their subject. A University must show their students the best things that have been done, thought and written in the world and fix these in their minds as a standard by which to measure greatness. Not only must the student learn to know excellence in things, in the arts, and humanities and the sciences, but he must be able to recognize excellence existentially in people and have reverence for it."

With cordial good wishes to all for an excellent year.

Rev. H. Mallon, C.S.B., M.A., Executive Vice-President makes an important business call.

Rev. C. P. Crowley, C.S.B., Ph.D., Dean of Graduate Studies lectures to an English class.

Dr. F. A. DeMarco, Ph.D., F.C.I.C., Dean of Applied Science and Principal of Essex College, dictates a letter to his secretary.
Rev. E. J. McCorkell, C.S.B., Superior, chats with one of the scholastics in his office.

Miss Barbara Birch, M.A., Registrar, points out graduation requirements to Lorraine Hegland.

Rev. R. S. Rayson, M.A., S.T.B., D.D., Principal Canterbury College, lectures to some of his students.

Mr. H. F. Wilshire, B.S., M.S., Director of the University Center, is seen at the official opening of the center. (Fourth from the left).
Rev. N. J. Ruth, C.S.B., M.A., Dean of Arts and Science, chats with two Assumption students outside his office.

Rev. J. A. Malone, C.S.B., Ph.D., Dean of Men and Director of Student Affairs, is seen with two members of "Fiat Two."

Rev. D. J. Mulvihill, C.S.B., Ph.D., Vice-President, Development, points out an example of progress at Assumption.

Sister Marion Dolores, S.N.J.M., Ph.D., Dean of Women and Principal of Holy Names College, with three of the girls from residence.

Co-operation leads to greater success in the physics lab.
"We did not come to school to find a husband!" The way the girls are working so intently at their home economics class, there surely must be some incentive for them. At any rate, Sister Romana will see to it that they learn their lessons well.

Home-Ec. Class

French Class

Oh those French verbs! Sister Pauline has her students go through the schema every class until they dream about them. Finally, they can actually speak French. It's all worth it in the long run.
Redemptorist Scholastics

1st. — Bill Comerford, Rev. V. Crean (Prefect), Leo Feehan.

Economics Class

Mr. Gillen explains the complexities of economics to two determined students. This is one of the hardest subjects students run across in their years at Assumption and it requires no small bit of study as well as excellent instruction. The latter we have plenty of.

CHRISTIAN BROTHERS

1st. — Carmen Donato, Rev. C. Crean, Frank Hrbalich.
2nd. — Ed Mullen, Bob Plamondon, Tom Laver, Roch Fortier, Don Power, Tom Doyle, Joe Michalchyshyn, Ron Nadeau, Bill Williams, Don MacDonald, Tom McNulty, Yaroslav Swyanyk.
3rd. — Leonard Norman, Don Lukie, Pat McDonald, Boris Kyba, Walter Petryshyn.
4th. — John Fitzgerald, Dave Cottingham, Paul Murphy, Gerry McNatron, Joe Sullivan, Frank Green.

Growth never ends. We always can learn more. Here at Assumption, students have been able to receive an essential education in life, not wholly complete, yet so valuable in every stage and phase of its process.

Those who are graduated have begun to know the lesson of life as taught in a Christian University — their growth continues in the world. There they will be ambassadors of all that they have absorbed into their characters. They will stand out as leaders in the community, a tribute to the standards and principles of Assumption University.
Craftsmanship  Speed  Economy

The Eastern Concept

We recognize that owners, architects and engineers want early occupancy and quality construction at lowest cost. For this reason we employ top-notch engineers, superintendents, and tradesmen ... with a long background of experience ... and with the ability to measure quality and to expedite. We operate a large fleet of equipment to cut costs and to ensure early delivery. It is this concept that is responsible for our growing list of new and repeat clients. Before you build, be sure to investigate our record. Write Eastern Construction Company Limited, Box 96, Walkerville, or Box 504, Station F, Toronto 5, Ontario, Canada.
COURSES OFFERED

1962 - 1963

DOCTOR OF PHILOSOPHY in Chemistry, Physics, Chemical Engineering.

MASTER OF ARTS in Economics, English, History, Philosophy, Political Science, Psychology.

MASTER OF BUSINESS ADMINISTRATION.

General Manager Secretary-Treasurer
MAYOR MICHAEL PATRICK

I am grateful for the opportunity given me to extend the congratulations and best wishes of the people of the city of Windsor to Assumption University of Windsor.

Windsor and Essex County is indeed fortunate in having educational facilities of such high standards to meet the ever increasing demands for higher education for our boys and girls.

As you continue to grow and expand in accordance with accepted university practice by affiliating with liberal arts colleges and by adding new courses, you will continue to merit the respect and admiration of all our citizens.

Daily Deliveries to Assumption

Apart from its central location, students at Assumption find it convenient-to-shop at Windsor's largest department store.
Super-Highway

This is a little-known highway in Canada, the Canada that tourists have been discovering with increasing delight year by year. This No. 57 Highway is in Ontario, near the Welland Canal, but the magic number 57 can be found in other provinces of Canada as well. And not only on highway signs. For more than half a century, the number 57 has pointed the way to better eating—for visitors and native Canadians alike—through HEINZ famous 57 varieties of food products.

ASSUMPTION UNIVERSITY OF WINDSOR

This seminary of the Redemptorist Fathers prepares missionaries for Canada and Japan.
The need to produce more and more steel for Canada's progress calls for trained minds in the steel industry. The future will open many opportunities to graduates in engineering, the arts and sciences, business administration, commerce and finance.

The graduate who finds an outlet for his abilities and energy at Stelco will be sure of a satisfying role in the story of a nation's growth, and of the rewards which accompany personal progress in a large, expanding organization.

GROWING IN STATURE 

The steady growth in the educational facilities of Assumption University, over the years, and its growing stature in the field of Canadian education are sources of pride for the people of this community.

We at Chrysler of Canada are proud to be a part of Windsor development as a cultural and diversified manufacturing centre . . . for what Windsor builds, whether it be educational and cultural facilities or quality products, builds Windsor.

more
than an
engineering
specialist

Today — more than ever before — aviation engineering in the RCAF offers outstanding opportunities to the engineer with the ambition and enthusiasm required in this important profession.

The Engineering Officer in the RCAF must be more than a technical specialist; he must develop abilities to deal competently not only with professional problems and assignments but also with people and human relations.

Graduate engineers are eligible for commissioning in the RCAF as technical officers in any of the following Branches: Aeronautical Engineering; Armament Engineering; Construction Engineering; Tele-communications Engineering; Photographic Engineering; Mobile Support Equipment Engineering.

For more detailed information concerning engineering positions, pay and pensions available in the Air Force ask for the booklet "Engineers in the RCAF" by writing to:

TRAIN FOR TOMORROW

Serve your way through University.
You can become an officer in the Canadian Army and complete your education with financial assistance by enrolling in the tri-service.

Regular Officer Training Plan
• Your tuition and University fees will be paid
• You will receive an annual grant for books and instruments
• You will receive a monthly income
• You will receive allowances for board and room
• You will receive free medical and dental care and, best of all, you will be beginning an interesting and adventurous career as an officer in Canada’s modern Army

See your Recruiting Officer or Resident Staff Officer Today
