IN THE HUTS

Treasure Van Is Coming

For the second time "Treasure Van" will be at Assumption University. "Treasure Van" is a handcart full of prizes that is pulled through the campus by the Frosh. It is taken on a tour of the campus and is loaded with prizes. All prizes will be taken to the students of Assumption University. Treasure Van will be on a tour of the campus on Wednesday, October 20, at 10:30 a.m. The parade will be held on Thursday, October 21, at 8:30 a.m.

The parade will start at the northwest corner of St. Denis Hall and carry the van to the southeast corner of St. Denis Hall. The parade will then turn east and go to the northeast corner of St. Denis Hall and finally back to the northwest corner of St. Denis Hall. The parade will end at the northeast corner of St. Denis Hall.

Meet the Faculty

We take this opportunity to extend our warmest greetings to new students and to introduce them to the faculty of Assumption University. Miss Moss has replaced Mr. Miles as the History faculty. She has been teaching in the History Department for many years. Miss Moss is a native of Canada and is recognized as an authority on Canadian history.

Miss Moss has been teaching in the History Department for many years. She is a native of Canada and is recognized as an authority on Canadian history.

Masquerade Ball Planned

A new spectacular Halloween dance is being planned by the S.A.C. for the night of October 21. The event will be held at the Knights of Columbus Hall with music furnished by the Knights of Columbus. The dance will be attended by all students of Assumption University. The dress code will be formal. The event will begin at 8:00 p.m. and end at 11:00 p.m.

Sandy Trovato is coming to the Assumption University Service. "Sandy" Trovato is a popular choice for our Frosh Queen. "Sandy" Trovato was a pretty and popular choice for our Frosh Queen.

Sandy Trovato

"Sandy" Trovato was a pretty and popular choice for our Frosh Queen. Sandy, elected by Mr. Bill Stephenson, received her crown of pink carnations and red roses from Mr. Charles Schilhans, president of the Student Administrative Council. "Sandy" Trovato is a popular choice for our Frosh Queen.

Frosh Rep On S.A.C.

Mike Lavelle

Mike Lavelle, a freshman from Waterloo, Ontario, was elected Frosh Representative to the S.A.C. for the 1954-1955 academic year. Mr. Lavelle is a native of Canada and is recognized as an authority on Canadian history.
Letters to The Editor

"I Like It"

Dear Editor:

During the last few weeks I was approached by a member of the student body about the possibility of a trip to Assumption College. I accepted the idea with enthusiasm because I felt that there was more to life than the eye can see. I don't want to be too virtuous, but I do feel that As-

The Dean's List, 1955

"The Dean's List" or the Honor Rol1 is made up of students who have maintained an average of 80% or better in the upper courses, and who have no grade deficiencies.

The following list is based on the academic results of students of the University of Assumption College for the examinations of April-May, 1955. It is presented without date, without rank, and in alphabetical order.

From First Year:

John Monahan, Thomas Terran, Joseph Ledy, Frank Lantare, Robert Rooney, Michael Hickey, Marilyn Lamont, William Lambert, Linda McCarthy, Vincent Pinto, Albert Allard, Robert Duggan, Lawrence Brough, Paul Madden, Patricia Covaik, Margarette Kells, Harold Englandfield, Pauline Clarke, Ray Salvy, Rachelle Woods, Larry Aitken, Marie Cough, Robert Fitzher, John Ka-

TIME-OUT

WITH LEIF

Editor's Note: This is to introduce a series of informative and entertaining articles by the Purple and White Sports Editor, John Drabick. After the success of this column last year the editors decided to give you the benefit of reading it for another year.

Well, fans, here we are at the old stand again for another season. During the summer there have been few changes in the athletic program at Assumption, but first, for the shocking news that Red Nannis, the old standby, has resigned.

In the past the students of Assumption have been napped and duly praised for their spirit in supporting both intercollegiate and intramural sports. This year there should be no reason for a change in attitude; however, recent events would indicate that there has been a change in attitude. The first case that I might mention concerns the tennis team. Each year it has been the practice to hold a tournament on the intramural level. This is a significant playdown because the intercollegiate team is chosen from the ranks of those competing in this tournament. Fred Dupont, the Tennis Commissioner, has reported that interest in tennis so far is discouraging to say the least. Secondly, the turnout for the 12-man intramural football league has also been disappointing. After this rugsing pep talk I think everyone should rush out and do or die for dear old Assumption.

FOR WHAT IT'S WORTH: It is true that Chris Ellis, Western's stalwart basketball star, is returning to the intercollegiate wars for about his eighth season!!! Is it also true that Larry Connorton gave Dick Kennedy the best beating last off season?? Kudos to Ken Beltola for another fine season with the Tigers from Detroit . . . My piece I have written and with peace I leave you, I hope . . .

SWEET CAPS add to the enjoyment

FRESHER... Milder... They're today's cigarette

ENJOY the best!

Athletic Council Plans Extensive Program

The famous and beloved American sportscaster, Bill Stern, in his recent address to the "Sports Writers of America" said in part: "Athletics are a part of the democratic way of life. Their indispensable role is to teach us to be better citizens and better men and women."

Golfers Prepare For Intercollegiate Meet

Assumption University's third annual golf tournament was held last Thursday at the rain-sodden, windswept Lakewood Country Club.

Despite the silvery weather conditions, 24 golfers took part in this year's event. Red Scott, runner-up last year to Mike Saffran, turned the tables (BIG DEAL) on the defending champion taking low gross honors with an 88 for his sassy 36 holes.

Other scores were: Mike Saffran 86, Louis Whipple 84, Gerry Guenther 85, Pat Pope 86, Tom Barrett 86, Frank Nowak 88.

The four low men will represent Assumption in the Intercollegiate Golf Meet which will be held in Toronto, October 7. An interesting battle for fourth spot ensued when Gerry Guenther and Pat Pope turned in identical scores of 85. The play-off battle was won by Gerry when he fired a blistering 78 at Pope. By virtue of this victory, Guenther will join Scott, Saffran and Whipple when they invade Toronto in quest of Assumption's first Inter-Collegiate Championship of the year.

Good Luck, Fryeas!

DEBATING NEWS

The executive of the Debating Club wish to inform the student body of a meeting which will be held shortly, to form this year's team in preparation for intercollegiate debates. Notice of time and place will be posted in the bulletin boards.

**Assumption's Own Official Coat of Arms**

"Imitation Disobedience, et scientiam docere me" (Teach me goodness, discipline and knowledge). I'm sure these words are very familiar to most of you, but for those of you who do not recognize them, they constitute the motto of the Basilian Fathers, and are to be found at the bottom of the new official coat of arms for Assumption. At long last Assumption has assigned its own official coat of arms by the College of Arms. The design was prepared through the assistance of Major and Ambassador Bridge. At the top of the crest is a stag's head from the City of Windsor coat of arms, with maple leaves signifying Canada and the fleurs-de-lis for the French origin of the College.

Located at the top of the crest are the coats of arms of the Duke of Norfolk, H.M. the Queen and the College of Arms. At the bottom are signatures and seals of the three Kings of Arms; Garter, Clarence, and Ulster. On the shield of the coat of arms are three lilies with wings representing the College of St. Ignatius Loyola and the Jesuits, who founded the college in 1591. A sun symbolizes Essex County and the University of Western Ontario, with which Assumption was affiliated for a period of 34 years, and a Greek cross symbolizes St. Basil, a cleric of the Basilian Fathers, and are to be found at the bottom of the new official coat of arms for Assumption College.

The design was prepared through the assistance of Major and Ambassador Bridge. At the top of the crest is a stag's head from the City of Windsor coat of arms, with maple leaves signifying Canada and the fleurs-de-lis for the French origin of the college.

The bear supporter comes from the coat of arms of Bishop Alexander Macdonnell, first Bishop in Upper Canada, who obtained from the Crown a grant of land on which the college now stands. These symbols constitute the new official coat of arms for Assumption College.

ACADEMIC REGULATIONS CHANGED

Student Body Receives News at Assembly

Fr. Ruth, Dean of Arts and Science, proclaimed during a general assembly, changes in the regulations concerning academic work. Here in their official form are the Recommendations of the Committee on Academic Regulations:

1. A full time student in any year who fails more than two full subjects (or the equivalent in half-subjects) or whose general average is less than 60 per cent, in the Spring examinations, shall be deemed to have failed his year and shall lose credit for all the subjects of that year in which he has obtained less than 60 per cent. If he has already failed a subject in the Fall, he shall be refused the right to sit for the Spring examinations, and his registration as a full-time student shall be withdrawn; otherwise he shall be permitted to return but shall be required to obtain an average passing grade in the Fall of that year in all full-time subjects of the type in which he has previously failed. A student who fails two full subjects shall be required to withdraw.

2. A student in third year shall, in addition, be required to obtain 60 per cent or better in at least three subjects by the conclusion of the Spring examinations; if he fails to do so, he shall fail his year and lose credit for all subjects of that year in which he has obtained less than 60 per cent. His registration as a full-time student shall be withdrawn; otherwise he shall be permitted to return but shall be required to obtain an average passing grade in Fall of that year in all full-time subjects of the type in which he has previously failed. A student who fails more than two subjects shall be required to withdraw.

3. Where a student has failed a subject, he shall be refused the right to sit for the Spring examinations, and his registration as a full-time student shall be withdrawn; otherwise he shall be permitted to return but shall be required to obtain an average passing grade in the Fall of that year in all full-time subjects of the type in which he has previously failed. A student who fails three full subjects shall be required to withdraw.

4. (i) Have not less than a 60 per cent average in the subjects constituting the major. These subjects are determined by the department listed in the catalog. (Prospective students should check up on what subjects make up their majors, and check at the registrar's office the years they have the proper courses.

Following the announcement of these changes, Fr. Ruth gave certain advice to the student body. He warned against a false impression of security. "A full time student at Assumption is a full time job in itself and too many extra-curricular activities, activities including the names of the heads and the list of extra-curricular organizations to which they belong, must not interfere with school work. Therefore to insure readiness and preparation for the next year, either at this or some other university, or is on probation, he shall drop a subject. If any subject is dropped after that date, or if you show up for final examinations, you will be given a zero in that subject. This zero will be averaged in with your other marks to determine your average. A course can only be dropped through the registrar's office.

Also, a student who is on probation is allowed supplemental tests. This does not apply if you have failed more than two courses or if your general average is below 40 per cent.

Of special interest to the prospective graduates are the three requirements the University firmly maintains:

1. Obtain C or better in half the subjects of third and fourth years together.
2. (i) Obtain C or better in half the subjects of fourth year.
3. (ii) Obtain C or better in half the subjects of third and fourth years together.

(1) This year's graduates—if you have less than three marks of C or better from last year, you must take this up this year.

(ii) Have not less than a 60 per cent average in the subjects constituting the major. These subjects are determined by the department if listed in the catalogue. (Prospective students should check up on what subjects make up their majors, and check at the registrar's office the years they have the proper courses.

A thundering ovation welcomed Sammy Davis Jr. to the Assumption High School Assembly on Wednesday, October 26. He sang many popular hit tunes in his unique style, thrilling the college students as well as the high school boys.

After seeing his show at the Elwood Casino it was evident why he excels as a versatile entertainer, singing, imitating, tap dancing and playing the drums and trumpet.

In a personal interview with Wendy Gilchrist and Patrick Ferrari, Sammy had the following to say about the High School assembly:

"They were probably the most important people to turn out to hear me. I think it's important to turn out to see my shows because these are the people who will support me in the future. They are the ones who will make me a success."

"They were probably the most important group before whom I've performed. I performed for them because they are the ones who will support me in the future."

In regard to the college students, he gave this message: "Tell them to cherish these particular years. They are the years which shape opinions and attitudes, and they are the years which shape opinions about themselves and others in the years which shape attitudes and especially decide careers."

"I think it's important to turn out to see my shows because these are the people who will support me in the future. They are the ones who will make me a success."

Wanted: A Name for the Girls' Singing Quartet.

Note: A financial aid program for students is sponsored by the National Foundation for Catholic University Students. More information on this program is available at the registrar's office.

The conference has ended and those in national office have begun work on membership and N.F.C.U.S. publications.

The national executive is as follows: President: Peter G. Martin, University of Toronto, Regional President—Maritimes: Dave Preul, Dalhousie University, Quebec: Ken Clark, Sir Geo. Williams College; Ontario: Gary Keys, McMaster University, Western: John Nerson, University of Alberta, I. A. C. Chair—Wally Tarrynaw, University of Saskatchewan, Debating Commissioner: Fr. Cody, McMaster University. Most of the commission reports were passed in plenary session.

They were:
1. Establishment of a publication center, with similar tasks to the "Ambassador," but with added improvements.
2. A life insurance plan.
4. Student discount service on campus of any university that found it feasible.
5. Improvement of student employment services in industry.
6. Attempt for tax exemptions for student unions.
7. Art competition.
8. N.F.C.U.S. scholarship committee is planning money received from the government used in the government work on faculty departments of any university that found it feasible.

It is obvious that the conference has been a success from the point of view of the students, and it is hoped that this momentum will carry on into the new year.
A Message From the President

As President of the S.A.C. it is my privilege to represent the students of Assumption College at a time when the college has enjoyed a most successful year. We have had a great president, a great executive and a great chairman. The importance of the N.F.C.U.S. to Assumption College is inestimable.

The importance of the N.F.C.U.S. to Assumption College is inestimable. It is a group of students who are working for the betterment of the college. They are working for the betterment of the whole world. They are working for the betterment of the whole human race. They are working for the betterment of the whole world. They are working for the betterment of the whole human race.

Juniors Lose to Seniors

Positive Start by Juniors

The Freshmen, who had previously been looked upon as a likely source of disaster, were beaten by the last minute untouched Frosh line to tie, were beaten by the last minute untouched Frosh line. To start the game, the Freshmen kicked off to the Juniors who ran the ball to their twenty-nine yard line. The Juniors passed the ball to Paul Renaud who raced the rest of the way for the first touchdown of the game. Just before the first quarter ended Terry Sheehan threw a pass that was wide and at the end of the first quarter the score was 6-0.

In the second quarter the Frosh defense was unable to stop Juniors hard running and Sheehan's accurate passing and when they had the ball, the Frosh were unable to stop Paul Sheehan, Peter Coyle and Jerry Harrington who led the Frosh defense. Frank Pennington charged over for the second touchdown. This time the conversion was good. The score at halftime was 12-0.

Raiders Ride Again

During the first half of the game it was evident that the Frosh secondary men were not able to bring the ball carriers down on their own. The Juniors, on the other hand, were able to bring the ball carriers down. The Juniors continued to open big holes and the Frosh were unable to gain any yardage against their heavier foes and held them to a single unconverted touchdown in the second half. The margin was scored when Leo Lauron kicked the ball into the end zone. At the end of the first half the score was 12-0. In the second half, the Juniors started to use their size to advantage and began making good gains along the ground. The Sophomore defense sagged under the pressure and Frank Nowak and Reilly scored for the Seniors. The Sophomores attempted to gain a victory with passes but this proved fruitless because Jerry Snyder intercepted three and Paul O'Neil, a strong and accurate ball thrower, called to make their converts good. They picked up another point when they swarmed the Sophomore ball carrier on the last kick-off. When the game ended the Seniors had won 12-10.

Juniors Swamp Frosh

After he made a few changes in the lineup, John Cindock, coach, led his Senior charges to a romping 22-0 victory over the hard fighting Sophomores. The Seniors, who had come from behind to gain a tie in their last game, overpowered the Sophomores and fought desperately. The Seniors were blocked by John Van Wray and were also battered by a fast and agile Sophomore line. The Sophomores fought desperately and held them to a single unconverted conversion on the goal. This marker was scored when Leo Lauron kicked the ball into the end zone. At the end of the first half the score was 6-0. In the second half, the Juniors started to use their size to advantage and began making good gains along the ground. The Sophomore defense sagged under the pressure and Frank Nowak and Reilly scored for the Seniors. The Sophomores attempted to gain a victory with passes but this proved fruitless because Jerry Snyder intercepted three and Paul O'Neil, a strong and accurate ball thrower, called to make their converts good. They picked up another point when they swarmed the Sophomore ball carrier on the last kick-off. When the game ended the Seniors had won 12-0.

Girls' Sports

Due to the Masquerade Dance, Monday night, the girls' activities were cancelled. However, there are still lots of events coming up and here is a list of just a few:

Last Monday night, Forester College held its first annual basketball tournament. The women's basketball team was victorious over Assumption, the University of Toronto and the University of Western Ontario. The tournament was held in the Carrie Gymnasium and the game was very exciting.

Plans are also in the making for an all-night basketball game on Friday night, November 10. This is a charity event for the Salvation Army and is sponsored by the Varsity Basketball Association. The game will be played on the regular varsity court and the profits will go to the Salvation Army.

Masquerade Ball

The rumors are rampant that on Monday night at the K. of C. Hall Columbia campus down out of the picture and joined in the fun. It must be true! How could it be otherwise?

Finding black and orange streamers, halloween costumes, make-up, witches and skeleton linking in dark corners, webs and jack-o-lanterns, this was the backdrop.

Most of the guests were costumed and jumping, but cool—cold—so cold the impregnable barriers.

Merriment—this was the result.

The mask-colored club and many of the dancers in costumes, bizarre, beautiful and hilarious, made a tapestry of world history and peoples. From Egyptian sultans to monsters, baseball players with evolution sticking among them to hooligan skullduggery, Hawaii's gaudy mood, Munchkin, Shelly and yellow veil who then whispered secrets of the East, Doctors burned six-foot Indian, Cossacks, horse, playing cards, jive lollipops, and Chinese man, Chinese park and bunny boyhood.

A tube of Diana was capped by a carnival tube. Voodoo, Skeleton, Frankenstein, Dracula, and a lady witch who made girls swoon and brave men faint. Don't look at me like that!

As a climax, gowns were given to the best costumes.

The evening was a great success and everyone had a wonderful time. Also, History, know it when they play "When the Saints Come Marching In." Caustic cut cut cut cut a mean rug!

Corruption Corner

By Jim Hartford

Right!—At a recent Assumption High School Fall Boys assembly, the guest entertainer, while singing one of his many favorites, apparently received quite a surprise upon hearing a very emotional outburst from one of the many college co-eds present. It seemed that the assembled groups of A.C. High attract more college students than those in the college. Perhaps the element to be seen and heard better. Maybe we could find a "Thaddeus Davis, Jr." and have him appear in the college—only after the reading of the strictest rules as to type of thing (fogging up the walkings, half) be shoved away with our school diploma?

Crunch!—With the "blood and butter liqueur" at its peak, as it is at present, it's wonder there aren't bigger crowds at these seminars. If a person should be missing those bone-crushing spectacles for his reason at all, he (or she) is guilty of something worse than the line of sausages that fell (Continued from Page 2)

H.N.U.A. News

By Mary Elizabeth Knight

On Sunday, December 3, the Holy Names Undergraduate Association held a annual Mother and Daughter Tea at the Residence from two o'clock until four.

Guests were greeted by Sister Superior, Sister Alexyna Mary, Sister Pauline Mary and Sister Michael Mary along with Sister Sadie, president, and Natasha Slewar, vice president.

Misses Fran O'Connor, Marg Ryan and Carol Baumeister played music while the mothers and daughters chatted.

The poets were Miss B. Burch, Miss E. Loughlin, Mrs. J. S. Shaw, Mrs. R. Perry and Mrs. R. Hardman.

Purple, white and gold chrysanthemums formed the centerpiece.

The mothers and daughters had a very enjoyable afternoon.

GRADUATE WORK

In its first month of activity, the Psychology Club has been varied, if sporadic, action. It has received almost overwhelming odds (i.e., its President), the club members have rallied to present three successful, although sometimes fragmentary attended functions.

Room Golden, member-at-large in charge of films, obtained "World Without Fears" for the first of a series. This film was a fine document of the work of U.N.I.C.E.F. Of particular sociological interest, this film was rather poorly received by the small group in attendance.

This year's series of feature films was begun caucally by a Windsor social worker, Mr. Frank Turner. Mr. Turner, as an ardent disciple in the field of social work and made an efficient and interesting job of outlining requirements of the occupation. Of particular appeal was the human film in which he presented the duties of the social worker. The club's member-at-large in charge of speakers, Bert Turner, arranged to have Mr. Turner attend the meeting and speak. Bert is a brother of the speaker.

The final function of the month was to be the annual outing held by a local children's group. Member-at-large in charge of excursions, Paul Martin proceeded to lay plans for an unexpected last-minute message that the children should be able to attend caused these plans to be changed. The outing was changed into a club excursion to Point Pleasant, half hour before starting time, this was cancelled also, due to bad weather.

Insurance Consultant

The Equitable Insurance Co.
BROADWAY HIT AT ASSUMPTION

Shopping Centre at Assumption

“The largest shopping centre in Western Ontario” will be built on presently owned Assumption College property. Although the construction is in its infancy, prospective shoppers are eagerly completing with Principal Investments Ltd, Toronto, for the honour of having a retail store in the new shopping centre. A contract which was reported in The Windsor Daily News on November 30, 1955, described the store as being 50,000 square feet in size. On the property is a large, modern building which was formerly the home of a newspaper. The building will be razed and the new construction will begin immediately. The store will be built on a hill overlooking the city and will be easily accessible by car. It is expected that the store will open in the spring of 1957.

United Nations Night

On Sunday, December 4, the club will stage an international extravaganza and display the diversity of cultures from various countries. The club has invited guests from different parts of the world to share their customs and traditions. The evening will include music, dance performances, and a variety of dishes from around the globe. The event is open to the public and promises to be a vibrant celebration of international unity.

Good News!

The Committee on Admissions has made a significant announcement. They have raised the minimum requirements for admission to Assumption College. Students must now achieve a minimum of 240 points on the Ontario Secondary School Entrance Examination (OSSSE) to be considered for admission. This new standard is expected to increase the quality of students entering the college and ensure that they are better prepared for university studies.

Arts Grads Have "Glass Slipper"

The Thorntons of Peclisport reports good news for the graduates of the Liberal Arts Department. The employment situation indicates that the demand for university-trained graduates far exceeds the supply. Commerce graduates, on the other hand, are sought after, and there is a steady decline in the number of students entering commerce programs. This situation has led to a surplus of students in the Liberal Arts Department and a shortage in the Commerce Department.

Million Dollar Contest

The H.N.U.A. Council is sponsoring a contest to select a name for their newly constructed shopping centre. The contest is open to all students and faculty members. The winner will receive $1,000 and their name will be displayed on a permanent plaque. The contest ends on November 21, and all entries should be submitted to the Student Office.

Law School Admission Test

Princeton, N.J.-The Law School Admission Test, required of applicants to law schools, is taken by American law school applicants in more than 300 centres throughout the United States on the mornings of February 18, April 21, and August 11, 1956. During 1954-55, 300,000 students took the test, and their scores will be sent to the Law School Admission Test Service which will issue detailed reports on the scores.

Rehearsals Underway

Rehearsals are going on for the highly anticipated play, "The Lilies of the Field," which will open at the Assumption College Theatre on December 12. The play, written by John Gielgud and directed by William Wyler, is a powerful and moving portrayal of the biblical story of the Good Samaritan. The cast, led by Robert Shaw and Sylvia Miles, is giving a moving performance, and the production promises to be one of the most touching of the season.

"King Lear" on Campus

The Players Incorporated of Washington, D.C., brought to the campus on November 6 an unusually fine production of King Lear, a play admirably adapted for stage performance. On a stage simple in setting but splendid in symbolic suggestion, this Lyons production succeeded in bringing clearly before the audience the various themes of the tragedy. The main theme, the ingratitude of children, dominates the whole production, while the minor themes, such as those of vision and disorder and murder, were woven like a fine thread through the fabric of the play.
"GROW UP"

In regard to your editorial in the November 9 issue of the P & W, "Wake Up," we wish to inform you that your S.A.C. is awake, 15 active student council meetings throughout the years. Therefore the Council was not receiving an hourly wage nor were they paid $450.00 club budget. Our unwritten constitution consists of all the minutes on record in our files; there is no inference in the original article that council members were receives any monetary benefits.

Concerning your comments on the "unwritten constitution" let us believe that your comments contain little credit to your and yourself. If we were selfish we would not have attempted to prove that the council was interested in the welfare of the students. We have never been able to understand why you didn't want to prove this. We realized that they student body had entrusted them with the uneasy and important task of their behalf. Perhaps, Mrs. Tucker and the Council did not concur with your viewpoint, you considered their remarks was unkind.

I may again congratulate you on your fine work in attending the S.A.C. meetings. The minutes unless they are read and understood alike as in much as they are a part of the premises ment by the representative of the repre sented and the better world could be understood. The publication of your editorial reaffirmed our understanding. Further. Further you have been given the power to see how the money they con- sidered to be selfless reason, that is, to see how the money they con sidered to be of secondary importance because they were present at the S.A.C. meetings, and further let us note that if one item is relegated to little notice, it is not of primary importance.

I'm sure your friends would have read this carefully they would have comprehended that the purpose was to state that they council considered and participated in as much as the student body that they have a powerful voice in a righteous press.

Sincerely,

Brenda Onesti
Assistant

Letters to The Editor

Vienna Boys Choir, Met Opera Stars In Culture Series

To the Editor of the "Purple and White"

This letter is my reply to your November 9, 1955, editorial "Wake Up," which was written in response to the editor of the "Ambassador." 

Dear Editor,

I cannot commonly express my opinion of the Students' Administrative Council and their procedures. The procedure on the part of the Council was not a friendly or useful one. You would have been overjoyed if I had not been the one to agree with your viewpoint. You considered their remarks were unkind.

The Council and councilmen alike in as much as their relations with their council.

This action would benefit students and the college better change, then they wouldn't be given the power to see how the money they con sidered to be selfless reason, that is, to see how the money they con sidered to be of secondary importance because they were present at the S.A.C. meetings, and further let us note that if one item is relegated to little notice, it is not of primary importance.

Sincerely,

Howland
Junior Class President

Juniors Edge Sophs

On Thursday night the once powerful Juniors squandered past the spirited Sophomores to gain their third victory of the season. A lighter but much more determined Sophomore line rushed the Junior ball carriers so well that all the Sophomore points were made on defensive plays. In the first quarter Terry Sherman fumbled a pass from center and was tackled behind the goal line to give the Sophomores a 2-0 lead. A few plays later, this act was repeated and the score was still in favor of the Sophomores. There was no scoring in the second and third quarters as both teams played good defensive ball. Finally, in the fourth quarter, with about five minutes left to play, Fred Dupont crashed through the left side of the Sophomore line to score the only touchdown of the game. The convert attempt was good and he gave the Seniors the edge 6—4. As the last minute of the game approached, the Sophomores fought desperately to regain the lead which they had held throughout most of the game. They charged fiercely and recovered a fumble on their own four yard line to give them a chance to tie the game. They charged and recovered a second fumble, but it was negated by the Penalty flag. With 15 seconds left to play, Fred Dupont took off down the right side and raced into the end zone. The attempted convert was no good and the Sophomores came up empty handed, giving the Seniors a 6-4 win. The Senior squad proved that nothing is impossible when they stick together, and were able to run or pass too successfully.

Supremacy Ended

On Friday afternoon, a very determined Senior squad proved that nothing was impossible when the bandied the highly rated Juniors their first defeat in two seasons. The field was slippery and the weather was cold so neither team was able to score in the first period. The Sophomores had their cagers in top shape and ready to meet the challenge by the time the schedule gets under way on December 1. The Raiders will open at home on Saturday, December 3 when they play host to Lawrence Institute of Technology. In conjunction with the forthcoming basketball season an appeal is made to all students, both new and old alike, to support the bill this year as we continue to improve the gridiron sport. Moral support is all they will have to work with for the season and it is up to each individual to see that the Seniors are supported as well in the next few games. As the season progresses the line will become more and more formidable and the Senior fans will get a chance to cheer the well-conditioned Raiders on to their first home victory. The opponents for the night are the "Blue Devils" from Lawrence Institute of Technology. The Juniors will not be able to match the power of the "Blue Devils" but they will be a tough unit all the way. The Sophomores will have to put in a fine defensive game to keep the score in check. The Sophomores are not as strong as the Juniors and are ready for the challenge. The Sophomores are ready for the challenge.

FRESHER...MILDER...THEY'RE TODAY'S CIGARETTE
On November 9 the staff of the Purple and White held open house to a tea in the old student rooms. Mrs. Perry graciously greeted the number of the faculty and the student as they entered the room. With De. Kellner, the editor, as host and several members of the press as assistants, the guests were feted individually on their arrival and as women caught up in the friendly atmosphere.

Around "coffee table" attractively highlighted by a contrapunt of yellow, pink and white flower, many members of the teaching staff of the High School and College were seen. Among those were Fr. Ruth, Fr. Pappert, modern of the P & W, Fr. Fournier, Fr. Patik, Fr. Gervey, Fr. Belanger, and Dr. Swain. Many of the clubs on campus were represented and Charles Schlano, President of the Student Council was seen enjoying the coffee and cookies.

The highlight of the tea was an exhibit which illustrated the technical end of journalism from the time articles are submitted until the paper goes off the press ready for circulation. Under Mrs. Perry's able direction the guests learned many of the fascinating intricacies of journalism which proved a very interesting and enlightening subject.

Co-eds Fail to Score

Last Monday, November 6, a bowling party was held at the Campus Recreation. Most of the bowling team and the resident girls were invited to participate in the competition. All in all the evening turned out quite favorably, however, there was a shortage of female members making our fellas somewhat outnumbered. Even though it was the first time many of the girls had bowled they turned it in a spectacularly successful performance. No sasham is meant, actually the averages were surprising for the prelims event.

Co-ed of Month

The Purple and White is proud to announce Judy Kennedy as the "Co-ed of the Month". Judy is 21 and a Junior, registered in the Arts Centre. She received her senior matric from Chatham Collegiate Institute and for nine years has worked in the Children's section of the Chatham Public Library.

Judy's extra-curricular activities include the Glee Club and the Booster Club, both of which she is the President. The Booster Club is a new organization on Campus this year, and we congratulate Judy for her splendid support in this Club. The Booster Club operates directly under the S.A.C. for the decorations and advertising of school activities.

The Purple and White is also indebted to Judy for her fine work in her position of circulation manager.

On the completion of her General Arts Course, Judy plans to enter a new organization on Campus this year, and we congratulate Judy for her many extracurricular activities which proved a very interesting and enlightening subject.

FERN SAYS...

Hardly a day goes by that at least one remark doesn't fall upon these ears concerning the general mode of dress adopted by Mr. and Miss about campus? Let us examine the situation for a moment to see just what the controversy is all about. For instance, in comparison to other universities "Where do we stand?"

It is my belief that Assumption falls short of the standard established by recognized colleges and universities. Now that we have acquired our coveted university status, I feel we should strive to up our game in every facet of university life and I can think of no better place to begin than in our everyday dress and behavior.

Nearly all our current magazine magazines devote at least several pages to the choosing and wearing of the proper garb for lectures and lecturers alike. With the ever up and coming styles and continual appearance of brand new "wonder fabrics", (priced, incidentally, within the student's reach) there is no reason why our campus should not rank up among the top in College Chat! This may only be achieved through the co-operation of each individual...

Let us consider the males for a moment... Which is more appealing to the feminine members on campus—the ordinary sweatshirts and jeans or khaki combination, so prevalent here at Assumption or those ever-popular "flannels and tweed mixtures which give that definite masculine touch to the costume? I'm sure you agree the latter... The cry is raised—what about comfort? With our high school diploma. But the cry is raised—what about comfort?.. It must be admitted that those flannels and sweaters and shoes in the morning, then in the looming around all day in high heels... But the fashions are so changeable and they are trying to alter their dress... Which is more appealing to the feminine members on campus—flannel or jeans..."

On that Friday night a pearly snow covered the Prince Edward Hotel. The grand ballroom with its cream, rose and gold motif shone with light from sparkly crystal chandeliers. (Later dimmed to a romantic twilight.) Mallow music flowed and the dancers moved on to a rhythmic beat... There was laughter, "when do we stand?"

Student Council was seen enjoying the coffee and cookies... While on the subject of co-eds, it may be noted that they are not all together blaseeless either. It is pretty well agreed by the males that those "hooly shoes" and "coolie" pants are so out of our high school diploma... But the cry is raised—what about comfort?... But the fashions are so changeable and they are trying to alter their dress... Which is more appealing to the feminine members on campus—flannel or jeans..."

Alumnae Ball

On Friday night, the 11th of November, the Holy Names College Alumnae gave a Ball—this is how the event will be recorded for posterity, but let's see what really happened! On that Friday night a pearly snow covered the Prince Edward Hotel. The grand ballroom with its cream, rose and gold motif shone with light from sparkly crystal chandeliers. (Later dimmed to a romantic twilight.) Mallow music flowed and the dancers moved on to a rhythmic beat... There was laughter, "when do we stand?"

The affair was graced by the presence of two other distinguished guests. All in all the evening turned out quite favorably, however, there was a shortage of female members making our fellas somewhat outnumbered. Even though it was the first time many of the girls had bowled they turned it in a spectacularly successful performance. No sasham is meant, actually the averages were surprising for the prelims event.

The granting by Assumption College of affiliated status to Essex College as a school of science, legally, financially, and administratively, has been formallyized at a series of meetings on Tuesday, January 24. Acceptance by the University Board of Governors of the petition of Essex College for affiliation was announced by Very Rev. E. C. LeBel, president of Assumption College at the conclusion of the meetings. “It is our hope,” he said, “that out of this action will grow a school of learning second to none, which will deserve and enjoy the support of our entire community.”

W. H. Arton, president of the Board of Directors of Essex College, said Essex College becomes the second Catholic College in the City of Windsor and Essex County.

Four signatures were attached to the formal document which finally ratified the affiliation following meetings of the Senate, Board of Regents, and Board of Governors of the University. These were the signatures of the president and secretary of Assumption College and the president and secretary of Essex College.

For the University, Fr. LeBel and Fr. Swann were the signers. For Essex College, Mr. Arton and John Whiteside signed.

New Affiliation Enlarges University Facilities for Windsor

The granting by Assumption College of affiliated status to Essex College as a school of science, legally, financially, and administratively, has been formallyized at a series of meetings on Tuesday, January 24. Acceptance by the University Board of Governors of the petition of Essex College for affiliation was announced by Very Rev. E. C. LeBel, president of Assumption College at the conclusion of the meetings. “It is our hope,” he said, “that out of this action will grow a school of learning second to none, which will deserve and enjoy the support of our entire community.”

W. H. Arton, president of the Board of Directors of Essex College, said Essex College becomes the second Catholic College in the City of Windsor and Essex County.

Four signatures were attached to the formal document which finally ratified the affiliation following meetings of the Senate, Board of Regents, and Board of Governors of the University. These were the signatures of the president and secretary of Assumption College and the president and secretary of Essex College.

For the University, Fr. LeBel and Fr. Swann were the signers. For Essex College, Mr. Arton and John Whiteside signed.

Final ratification of the articles of agreement between the university and Essex College came after almost two years of work undertaken to develop a science school as part of the university. A non-sectarian establishment, Essex College is expected to provide a broader base of support for the university, as the same time removing the financial burden of instruction in pure science and allied fields.

Under the affiliation terms, Essex College will be able to lease or purchase land from Assumption College existing facilities for the instruction in science, business administration, nursing education and other related courses.

As a non-denominational college, Essex College built on the basis to receive provincial-governmental grants. With the affiliation of the new college, application will now be made to the Legislature of Ontario for an amendment to the 1953 act which gave Assumption College university powers, to provide for a change of name to Assumption University of Windsor. As of university is developed, Essex College will take its place beside University College, which will be the new name for the present college operating within the orbit of Assumption University.

This is the time of year when school spirit materializes into dances, parties, floats, parades, and other games and parades. The "old boys" return to the ivy-covered walls of Assumption to be enigmatically by their treating of freshman and sophomore crowds. They take their place in the cheering section to urge the Raiders to victory. There is nothing quite like the feeling of seeing old school chums and remembering the days they were in school.

Amidst this excitement, the undergraduate should pause to give consideration to his actions in the future. He realizes that his actions today will be those from which he will benefit or suffer in the future. In 10 years will YOU look forward to returning at Homecoming? It will not be long before he leaves Assumption to become a part of the world. The girls' team brings information of the "school under conquests. Despite the fact they feel like the forgotten half, nothing will sound sweeter to their ears than a resounding "Cheers!!" The only undefeated basketball team on campus has gone unnoticed. It's very obvious that Assumption is co-educated as far as basketball games and parades are concerned. The girls play a predominant role in these phases, either as participants or supporters.

Cheer's!! Here's to Assumption! Long may she reign! Fill up the glasses and toast her! See you.

To get Assumption beer.

Prom 23

Co-chairmen Bill Steph-

an and Pete Howland have announced that Prom 23 will be held on Friday, February 3 at Teutonia Hall on Edmon-

boro off Howard Road. Dancing will be from 9:00 to 1:00 at the music of Matt Hohl's orchestra. Tickets for this gala ball can be obtained from any student council member.

FRED WARING MAY COMPOSE ASSUMPTION VICTORY SONG

Famous Band Leader Wants Signs of Interest

Every Student Must Cooperate, Says Council President Fortier

Last week it was revealed that the Student Council had approached Fred Waring in an endeavor to gather for New Assumption a stirring song. If you are reasonably well acquainted with the group, you will be aware that on his Chesterfield Program, Fred Waring occasionally pops up with a school song that is very generously donated to some school in need of animation. The only requirements are that the song be in need of one, and that the song be written by the individual shown by the student body.

Mr. Fortier has conceived that we publish the letter received from Fred Waring, so that interest might be aroused.

Dear Mr. Fortier:

Thank you very much for your letter of October 25th expressing your interest in writing a song for Assumption College. I am very much interested in your writing a song for our students. My company is interested in our students as well and I am sure that they would enjoy a song that is written for them. I am not sure when I can possibly arrange to have a song written for you, but I will try to find the time to work on it as soon as possible. I am very grateful for your interest in our students and your willingness to write a song for them.

Sincerely,

(Signed) Fred Waring

No doubt in the minds of many, the reception of songs such as "Onward Christian Soldiers" could be a very pleasant event. Last year when the song was sung, there was no question as to the favor which the students showed the song, and the testimony to the face, for there is a very deep appreciation of the old songs to arouse spirited chorusing.

My hope is that we can find a very definite situation that might tend to add animation to the life of the Assumption College. Waring's compositions would add immensity to the prestige of the Assumption. This opinion, they are sure, is shared by very student enrolled in the college.

At the present time our schedule is full, due to the tremendous number of requests that have been coming in from colleges all over the country and we are chosen requests based on the amount of interest shown by the student body.

However, if we can possibly arrange to get your college into our program we will of course be glad to consider the request. We are very grateful for your letter and we would like to send you some data for your files:

The Dixie Five—Left to right: Clyde Smith, Andy Bartha, Mickey Stemcke, Eiph Kelley, Frank Gillis (leader). An authentic Dixieland Group which specializes on playing the purest Dixieland style jazz heard in many a moon.

THE PURPLE AND WHITE

FRED WARING

Then and Now

By J. J. Russo

On investigating the rare musty old manuscripts which are filed away at the remote attic of the college, I came across an interesting series of articles on the attention of the illustrious Purple and White public. I thought that the good 1909 beer singing Assumption would be interested in how his predecessors bothered in the days when the forefather of the Dixieland was known as Trading House. This was a period in which, by this time, was crowded what little backroom there was left.

The Society has been discussing plans for a second Jazz Concert during the year, possibly after Lent, in view of the large crowd of windsmen and drummers who turned out.

By J. Ford

This year's annual Jazz Concert was by far the most successful that the Music Appreciation Society has undertaken. Taking place at St. Alangea Hall on January 30th, the spectacular program included "The Dixie Five" from the Wyoming Show Boat, "The Phil Harris Sextette" from the Club Al'Yi, both in Detroit, and Bailey's piano, in its Windsor Trio company of Angeal Cangiano on drums, Paul Renard on piano, and kay Francis on bass.

The trio opened the program at 2:30 to an estimated thirteen hundred people with "Body and Soul" and several other numbers which brought out the exceptional drum work of Cangiano. There were very few in the audience who came to hear Dixieland, but the majority went away with a deep appreciation of it. After "The Dixie Five" gave out with such favorites as "Makram Hambie" and "The Jazz-Me Blues." The piano work of Frank Gillis, the lead man, plus the fine trombone and clarinet of Clyde Smith and Eiph Kelly made their appearance the finest of the afternoon for musical excellence, through the audience came to hear and screamed their lungs out for Roy provided by "The Paul Harris Sextette" who presented many of the modern favorites, including a clever parody on "How High the Moon," of the popular Beo groups now enjoying mass popularity.

The Dixie Five—Left to right: Clyde Smith, Andy Bartha, Mickey Stemcke, Eiph Kelley, Frank Gillis (leader). An authentic Dixieland Group which specializes on playing the purest Dixieland style jazz heard in many a moon.

RAIDERS GALLANT IN DEFEAT

SPORT-SCOOP

With BUGS

Although they found themselves on the short end of the scoring at the final whistle, the Raiders were certainly victorious in defeat against John MacKenzie's Winnipeg Falcons last Saturday evening. Hot from a neatly executed win over Hillsdale College the previous Wednesday, the Falcons had travelled to the west by playing solid up-ball throughout. For a change, the fans, realizing the home crew were giving their best, loudly objected to any foul calls they thought were wrongly rendered in local newspapers, we feel that more than a virtual promise of capturing Inter-ligual honors exists for the still unpredictable Raidersmen.

Still resounding and quite pertinent to tomorrow evening's Homecoming match against Toronto are the immortal words contained in John McClaughty's "Windsor Fields"—"take in our quarrel with the fans," Mindful of the tremendous enlistment of the faithful of the Valets courtiers in the garden-packed Hart House of Toronto, the chauvinistic stricken Raiders are determined to square with the Queen-city squad at the expansive floor of St. Denis Hall tomorrow evening.

The Junior six-man crew to concentrate for their football defeat of last fall are presently holding top honors in the Intramural hockey league. In close company are the Intramural Polo team, the Junior six-man Basketball, and the Intramural Weakly where they have shown the fans without the usual preliminary cooing by the cheerleaders. The regular trump calls for the 1956-57 Intramural contest were jubilantly punctuated with the odd note of praise and reassurance for the never-say-die hardened competitors who turned up dressed refreshingly in local newspapers, we feel that more than a virtual promise of capturing Inter-ligual honors exists for the still unpredictable Raidersmen.

For WHAT IT'S WORTH—For those not in attendance at the game last Saturday and having as their only means of information the end players report that much difficulty is had in detecting whom the Western Mustangs played. Numerous goals were made, each the most accurate being—"Ken Fathers, I saw his name." If the home town paper doesn't give us a justified spread who will?

A fellow whose identifies leave of absence leave of Bill Bergholtz. Afflicted with a bark injury we trust that Bill now on the mend and will be seen in the crowd tomorrow. It's beginning to be an old familiar to the Campus and the Raider program, Rusty Coulter, Rusty. He can't stand up to the Western defense and had to turn in creditable performances lately. Metzger's played the pivot slot against Hillsdale like a seasoned veteran while Connorton hit well in both jump and set shots

DEBATING CLUB

This month, the Debate Club will hold its first competition of the year. The topic to be debated is: "Resolved: That Canada should have a separate codified Bill of Rights." The debate will take place on Monday, January 30. The topic was selected by the University of Western Ontario Debating Society and will be debated against their team. Both teams will be using the "I.L.U.D.L." (International Law Debate Union) format.

THE GLEE CLUB

The Assumption University Glee Club will be performing at the Ford Foundation on February 7th, 1956. The performance will feature the group's rendition of "Moonlight in Vermont," which was performed at a previous concert. The Glee Club will also be showcasing their singing abilities with the song "Blue Moon." The club's annual "Spring Musicale" will take place before the end of the week.

Commercial Club

The Commercial Club's calendar for the upcoming months includes a variety of events. The club will be hosting a bowling party on Friday, January 20, at the Ouellette's. The bowling party will be open to all bowlers and will feature a mixed doubles tournament sponsored by the Commercial Club. The event is to be held at Ouellette's and will include a special presentation of champagne goblets to the winners.

SODALITY

The Sodality is holding a meeting on Thursday, February 2, at 12:30. The meeting will be led by the Commercial Club's Area commander. The Sodality's officers will be present to discuss the club's activities. The meeting is open to all students interested in joining the Sodality.

W.U.S. Begins Drive For Funds

Twenty thousand Japanese college students are tuberculosis—40 percent of Pakistan's students will be unable to finish school because they lack funds. The future of Japan, Pakistan, Israel, and Indonesia rests in the hands of about 200 students. In the years 1937 and 1938, when the Japanese occupied Indochina, the number of Japanese students in the United States and Canada was limited to a mere fraction of what the University of Alberta: McMaster in Canada, the University of Illinois in the United States, the University of Toronto in Canada, and the University of Edinburgh in Great Britain are contributing to this effort. The University of Illinois in the United States, the University of Toronto in Canada, and the University of Edinburgh in Great Britain are contributing to this effort.

Presentation of Commissions

By Major Virtue, C.D., R.S.D.

On February 2, Lt. C. A. Patton and 2nd Lt. G. A. Mason received their commissions from the Governor-General, Commissioner of Canada, for the Royal Canadian Artillery. The presentation was made by Lieut. Col. R. Virtue, C.D., R.S.D., Director of the C.O.T.E. of Western Ontario, while Capt. C. M. J. F. Swan, Detachment Commander, read the commissions. The holding of a Queen's Commission formally constitutes the individual as an officer in the Army Forces. It carries with it the rights and privileges of that office and warrants, obedience from all subordinates. For a total of 100 students, $25,000.00 is budgeted, of which $1,000.00 is expected from Canada.

Holy Redeemer College, Redemptorists Affiliate With Assumption

Windsor, Ontario. . . . Holy Redeemer College, under the direction of the Most Rev. Very Rev. J. Arthur Ryan, C.Ss.R., Provincial of the Toronto Province of the Redemptorist Fathers, has approved a dollar levy for the establishment of one prefabricated dormitory and equipment for 100 students, has been started in Karachi, Pakistan.

Buddy Morrow

Buddy Morrow will be leading his great dance orchestra from the bandstand of Assumption University commencing on April 11, 1955.

The University of Alberta: McMaster has approved a dollar levy for the establishment of one prefabricated dormitory and equipment for 100 students, has been started in Karachi, Pakistan.

Buddy Morrow

Buddy Morrow will be leading his great dance orchestra from the bandstand of Assumption University commencing on April 11, 1955. Born in New Haven, Conn., on February 8, 1915, Buddy received his first trombone at the age of 12 as a birthday present from his parents. At the age of 13, Buddy defected professionally playing at junior and senior high school dances in his hometown of New Haven, and at 15 he was featured with the Yale Collegians at the fabulous salary of $45 per week.

Deciding to continue his musical studies he accepted a scholarship to the Juilliard School of Music in New York City. During his first two months away with "Floyd," Buddy was featured on the Chester Showcase, as well as on other programs, theatre and recording dates while with the band. After leaving Whitteman, Buddy rejoined the orchestra of the late Edgar F. Hines as a replacement. While being heard by the manager of the Steel City Ballroom, Buddy immediately signed him for the best spot available.

Buddy stayed with Artie for five months, until he broke up his band, and then signed with Vincent Lopez, for a tour of theatres and Variety clubs which he took to the west coast. The next stop for this talented trombonist was to join Tommy Dorsey's orchestra in a short period of time.

During this time, Buddy received many offers from radio stations to join them in their music programs. He accepted a position on the staff of the Columbia Broadcasting System, and in the same time period time to free time in the recording, radio and television industries.

Upon discharge Buddy Morrow returned to radio work for a short time, and then joined Jimmy Dorsey where he was featured on the non-stop work and benefits from coast to coast.

Homecoming Queen

JIM HARTFORD

Two negatives won't give you a victory. I hear that their recent encounter with the "Osgooders" then took the affirmative side and the contest got under way. A.C. emerged the winner; and although it was a somewhat hollow victory, it was, nevertheless, a victory.

There are so many advantages to a smaller University, especially Assumption — because the Blossom Family is so small. There is no way, in a small group like ours, that you can lose a "patron." How about that!

Mary Jo Brennan

argument

Some members of the N.F.C.U.S. Debating Association are not members of N.F.C.U.S., but the finalists in N.F.C.U.S.D.A. are backed financially by N.F.C.U.S. because the winner wasn't a member of N.F.C.U.S. in the winner's place a "second-rate" team would go, one which belonged to N.F.C.U.S. If this proposition were passed it could possibly mean that more universities would be forced to join N.F.C.U.S. But, what is more important, adequate representation of Canada which would cause an increase of prestige for Canada in the world of debating.

SWEET CAPS

add to the enjoyment

Brenda Osesti and Will Wagner had the right idea when they skated to "I Love My Baby," Monday evening. Ice covered the campus like a blanket of angel hair.

THE RIGHT IDEA
Sophomore Independents give evidence of power as they took advantage of the Western game previously scheduled for Thursday evening February 23 has been postponed until Friday February 24. If such is the case it is expected that more support than previously anticipated will accompany the Raiders on the court.

Crimson Riding Deadlock....

By the time this paper is in circulation the Raiders will have completed their most important road trip of the season. Due to time involved in printing the weekend results are inaccessible but presumably the boys have continued their winning streak and are carrying with them the希望 of a few talented engineering students. Mr. Dupont has already established the presence of the university's men's basketball and women's teams which must be applied to keep the apparatus secure. The court floor, it is intended, will be a target of the students it has shown plenty of fight and hustle in all its games. Although the Crusaders only led by a score of 42-30 at halftime it was easy to see that the Lemington five were definitely out-classed and would be on the short end of the score when the final whistle was blown.

SPORT-Scoop

With BUGS

Tennis anyone? And indoor at that. At a recent meeting of the Athletic Council it was announced that students would be able to rent a portable tennis court in the field of sports. That's right, you read it here first. It is intended to mark our University as a pace-setter in the field of sports. The Raiders Rip Redmen, 85-53

By Peter Howland

On Saturday, February 4 at 8:30 p.m. in the gym, Peter Woodruff's Assumption Crusaders flowed a weary, much travelled McGill University basketball squad. It was an important win for the Crusaders as it settled them undisputed possession of second place in the Senior Intercollegiate League. It also marked the emergence of Raider Howell Trumbo as a star performer.

The eight points earned by Howell Trumbo in three years as a varsity player, and started the triple digit total to a final 32 point lead. George Joseph led Raider DuBois into his return to his old stellar form with an 18 point output. Joseph currently leads Assumption ragers with 272 points for the season.

Assumption had little trouble with the Redmen as they led 4-0 in the first 10 minutes then closed the gap at half time to 23-22. After a series of the boys of the Purple, White and Gold led into their visitors and piled up 47 points while holding the opposition to a mere 26 markers. Larry Conner and Dick Woodruff each hit for 11 points while Dick Maxie and Hughie Cipolla added eight and six points respectively.

... and it hailed for Homecoming

Raiders Rip Redmen, 85-53

By Peter Howland

On Saturday, February 4 at St. Denis Hall, our Purple Raiders carved a weary, much travelled McGill University basketball squad. It was an important win for the Crusaders as it settled them undisputed possession of second place in the Senior Intercollegiate League. It also marked the emergence of Raider Howell Trumbo as a star performer.
One of the younger reporters on the staff brought in this picture from From 23 with this fantastic story. He claimed that ‘Don’ and ‘Pete’ are in the picture. Ron Centile and Diane Barr, were both of sound mind and conducting themselves in a proper way with their dates. At the stroke of 12 Cupid came from the ceiling and his arrow soared through the air picking Ron and Diana from their dates and placing them where they see the picture. Ron just happened to have a diamond in his pocket.

The $100 Dinner

More than 200 Alumni and friends of Assumption are expected to attend the Century Club Dinner to be held in the Century Room on Thursday, February 9.

The term century has been applied to the Alumni Dinner for two reasons. First, in February 1882, Assumption College opened its doors for the first time. The Dinner has been scheduled for the eve of the third year of Assumption’s hundredth anniversary. The dinner is a $30-plate one and the proceeds will be for the expansion of the alumni office.

The Hon. Milton Cargui, Canadian Minister of Labor, Mr. Phillip Hart, Lieutenant-Governor of Michigan; will be guest speakers. Other speakers include Raymond J. Lyons, president of the Alumni Association, and Fr. LeBel.

Historama Presents...

Already it can be noted around campus, that the scholarly look of some students seems to have increased. A new history class has evolved from the first debate which was held in the Century Club. The discussion centered around the topic of the Bohemian Room of the Students’ Center. Over the past two weeks in carrying on with its fine tradition, the History Club has been determined to have a debate in one History Paranormal, having a history and philosophy member gathered at the home of the secret, the university faculty, to present a paper on the above, and has been gathering the lecture by Fr. LeBel our university president on the growth of the university.

The Monday evening, the “history,” arch of the club attended the very educational and social gathering at the home of Dr. C. Swain who had a guest speaker Mr., Pierce Lettner, a very prominent Windsor Jeweler. Mr. Lettner’s discourse on antique jewels, together with the display was well received. It should be noted that the interest at the student table was described as Dr. Swain’s command, only a few students were able to attend.

C. Swain is a none too

Buddy Morrow (well known on the leading band seats and locations from Lake George) who brings his band in from the Lake George University on April 13 has set up a code of ethics where they will not play the kind of music they want to hear.
Another Red Feather Drive Underway— A Look at the Future . . .

There we must express our conclusions somehow in a tangible way that all may benefit from a learning experience. As university graduates are not expected to be leaders, when we become members of competitive groups in a few years, if we have never tried to apply our knowledge practically while we were being educated and could most easily do so, it will be more difficult later.

You will agree that something should be done. Everyone must make an effort. But the most work will be done by a group of interested and enthusiastic students. These could form a social service at Assumption College, a program in which we could perform some type of useful community welfare work. They would be given a budget for their project. This possibility and perhaps most effectively and enthusiastically in need of a college library (estimated cost of $750,000); other items (in order of priority) are: a new Factors (—March 16)

The Campus Forum was organized four years ago to provide students with the increased student and public interest anticipated for this year, facilities have been expanded to accommodate a larger audience.

The CANADA WE FOUND

"And come out fighting at the beginning of the discussion evenings held on the Assumption campus was literally a trip for the opening event of this year's Campus Forum series was an informal talk, "The Canada We Found," delivered from the four panelists some statements were both honest and amusing to the Canadian people.

Maria Bonilla from Costa Rica had thought all Canadians were tall, handsome and friendly (an opinion shared by most Canadians) until she came up and was disappointed. How are the mighty fallen! She then considers Canadians more friendly than Americans, however, because she "does not need to know you to love you."

"Patric Pignal, from the ancient, barely recognized city of Rome, France, found, as an artist, beauty here too and, of all things, a viable game of basketball. Patric has found Canada the highest of all tributes, he has become one of the stools.

Virginia DeRosa, from the land that invented the game of basketball, has visited Montreal and Quebec City and heard of Toronto, but all Canadians were tall, handsome and friendly. She considers Canadians more friendly than Americans, however, because she "does not need to know you to love you."

Attention—Medics!

Princeton, N.J.—Candidate for admission to medical school in the fall of 1967 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which organizes and administers the test for the Association of American Medical Colleges. These tests are required of applicants by almost every medical college throughout the country, will be given during the current calendar year. Candidates taking the May test, however, will be allowed to furnish scores to institutions (Continued on Page 4)

The issue of segregation has been brought to the attention of the college student from the recent case at the University of Alabama. The incident involves more than the dismissing of a negro girl from school; it is an outward manifestation of the embittered spirit of the South. Ignoring any of the affective factors pertinent to this recent case, we are not in a position to pass judgment.

However, we can look at segregation from the philosophical and theological standpoint of principle. As Christians, we believe that in the eyes of God all men hold the same dignity, and as such, no one group is accorded status or privileges to the exclusion of others. The constitution of the United States embodies this principle in the clauses that "all men are created equal" and that "the rights of life, liberty, and the pursuit of happiness" are universal. In spite of all the principles of right reasoning and the laws of the land, segregation persists. Why?

The state of the South or of the nation cast its shadow from the North. They have been conditioned from infancy with reasoning and the laws of the land, segregation persists. Why?

It is one of the most searching questions that have perplexed man throughout the ages. T. H. Hobin

**C.U.P.**

**DRINK DEEP**

**TORONTO, Marriage Or A New Dress?** by Mary Jane Rowley.

Yesterday it was St. Patrick's Day. All over the campus, the bravest men, even the dandiest engineers, budded around in frightened groups looking cautiously around some venturing a single step. When I approached a member of the second-greatest sex to ask politely if I could borrow a piece of paper, he took off as though he had just seen Franklin's death reported.

And where did this snobby-from-a-mile-away attitude come from? Nobody really knows for sure, not even the Encyclopedia Britannica, as I discovered yesterday afternoon when I turned to the history of our nation and got some information on the subject.

The issue of segregation has been brought to the attention of the campus body at large. The Student Council is composed of what we hope are the most representative and responsible group of people on campus. Each of those chosen are supposed to reflect the attitude of the group they represent, toward student problems.

The constitution of the United States embodies this principle in the clauses that "all men are created equal" and that "the rights of life, liberty, and the pursuit of happiness" are universal. However, we can look at segregation from the philosophical and theological standpoint of principle. As Christians, we believe that in the eyes of God all men hold the same dignity, and as such, no one group is accorded status or privileges to the exclusion of others. The constitution of the United States embodies this principle in the clauses that "all men are created equal" and that "the rights of life, liberty, and the pursuit of happiness" are universal. In spite of all the principles of right reasoning and the laws of the land, segregation persists. Why?

It is one of the most searching questions that have perplexed man throughout the ages. T. H. Hobin

-- *Terry Hobin*
The Purple Raiders, Assumption's varsity basketball team, have finished another successful basketball season. With perseverance and determination, they compiled a 15-10 record and held second place in the Intercollegiate League with a 7-3 mark behind the Western Mustangs.

George Joseph, starting at guard for his fourth and final year, shared the captaincy with Hughie Coyne, another senior guard. George poured 356 points through the hoops this year to lead Raider scorers with a 14.2 average per game. Dick MacKenzie, Assumption's best Olympic bet was close behind with 335 tallies for a 13.9 average and with big rebounding and stellar defensive play, was regarded by many to be one of the best all-around forwards in intercollegiate competition this season. Larry Connorton regained a starting forward berth and proved to rebound and drive away to a 244 point total. Howie Triano scored fourth in scoring with 249 points. Matt Borowicz, the sweeping hook shot artist, added 208 points to the A's.
**ANNUAL CAMPUS FORUM (Continued from Page 1)**

Andy Ed Salaza from Trinidad, well-liked, who would liberate us from our heavy import duties (so we'll import more of that rum) and who wants us to stop playing these cough, hoister, and vibrate cricket (crumpets and teal). He found here comradeship, and a deep interest in Sen's Necessum, and an obnoxious law that states that no one under 21 shall indulge in the faintest beer. He thinks Canadians would give you your last but second choice. But not about the West Indies. ---see what good Canadian influence was at dawn.

**H.N.U.A. Bombshells Champs**

The Assumption girls won a May 6-24 decision over St. Rose, Ambersturt and the following Monday depleted Campus Club by the score of 24-17. February 25, the girls best St. Mary's in the most exciting clash of the season. The score was tied at least five different times during the game and Assumption did not prove a threat until the last quarter when the forwards broke away in a run of scoring. Final score: Assumption 55, St. Mary's 28.

On Monday, March 5 at 7:30 in Former Gym the Assumption girls played their final game of the basketball season against the W.O.S.S.A. 1st Senior Girls Champion team of Riverside High School. This team had an excellent forward and guard line and was the major threat to Assumption this year.

At the end of the month their game proved rewarding. Natas Boggusk, Osborne, Stulac, Griffin, Maynervich and Thomas are available from pre-medical advisors as well as sample questions, are being held at more than 300 local centres in all parts of the country. The Association of American Medical Colleges recommends that candidates or admission to classes starting in the fall of 1957 take the May test.

This second squad, although it did not participate in too many games was just as vital a part of the championship machine as was the first group. By this time this edition is printed these college will probably be crowned champs of the Windsor and District League also. If by chance, they should happen to lose we will say: Congratulations to Bertie Hepburn and his Crusaders for completing such a successful season. Congratulations should also be extended to the team manager Henry Jacobs who sacrificed so much of his time to assist the players and the coach played by Jack Jucowitz, who in a bar recalls the love-affair of his youth.

THAT FUTURISTIC LOOK

By JIM HARTFORD

To our elected politicians three cheers! They certainly gave the real world a kick in the pants and did things "jumping" for a while. If some of our more conservative brothers happen to freeze on this sort of demonstration, let 'em freeze! This is one of the aspects of college life that makes going to classes a heck of a lot more enjoyable. To some, these street-corner signs and posters might be defined for use on our campus, in their college shirts, and ever-ready frowns, they condemn students who might try to prove that they are alive. You had to be there! Here's hoping the S.A.C. men will turn out as being lively and as colourful a one in the H.N.A.U. contest.

The days of free talks and doughnuts, ice-cream and posters, smiling candidates, and packed votes are certainly among the most important of the year. So what if he never called you by name before. After you voted for him in '34 he never call you by name again? So what if you got him out of office; while you can and that's the way it goes with elections... without detracting from the gravity and importance of them, that is! 

บน the proposal to call London St. University into being by the City Council! That's too bad for Assumption, because it would have been quite a good thing for A.C. The complications involved however, turned out to outweigh the benefits. Erase, the forever-to-be-mandated position placed on the shelf. Oh well.

To those who entered the drawing for the prize of a P. K. W. namely, those words describing our recovered (Continued on Page 4)

A JOB WELL DONE

As this year's Student Council makes its exit, it is fitting that we extend to them a hearty congratulations for a job well done. It is not the purpose of the council to bring about startling changes or new institutions within the university; this is the position of the Administrative body of the school. This is the idea that is given to those who are disappointed with the S.A.C.

On the contrary, the purpose of the council is to organize and improve student activities.

When looked at from this point of view, we see that this Student Council has not fallen in its endeavors. It has established the Club Executive with the specific purpose of coordinating all the clubs to achieve greater success in each. Homecoming was turned around by the energetic members of the first Homcoming Queen in the history of Assumption. The outstanding accomplishment of this year's council was their signing of the Buddy Morrow Orchestra for the Arts Ball. Despite the protests of a few students to the "extra-vagance" of a big name band, the major protest of the past two years has been the hiring of local bands for such a climaxing event as the Arts Ball.

CUP.

OTTAWA: The President of the University of Ottawa have reversed the decision made by the University of Ottawa with the recommendation of the President of the University of Canada Limited. The increasing awareness of the need for more science and engineering education in Canada has been a matter of concern to many, and the Canadian industry has found increased need for men trained in these fields as a future source of labor.

The course will be the first of its kind in Canada to be given at the University of Ottawa. The courses will be given on a full-time and part-time basis, and the students will be able to earn degrees in engineering and science.

THE MILDEST BEST-TASTING CIGARETTE
Federal Minister Award Recipient

Before a capacity crowd of over 700 people in St. Denis Hall on Sunday, March 20, the Hon. Mr. Paul Martin, federal minister of National Health and Welfare, received the coveted Christian Culture Series award. Mr. Martin is the sixth recipient of the award, which was inaugurated by the Canadian Culture Series under the guidance of Fr. S. Murphy, C.S.B.

Nominations Close

Nominations received for Arta Ball Queen include the following hopeful aspirants: Sally Livesey, Doris Villalobos, Marie MacDonald, Natasha Sizer, Edwina Parnell, Mary Kay Himopong, Tris Netherby, Paula Clary, Barbara Craig, Stephanie Moodie and Lenore Geringer. Nominations closed Monday March 19 at 4 p.m.

Foremost Canadian Pianist Entertains Capacity Crowd

Sunday evening, March 18, saw the Capital Theatre filled to capacity, to witness the magnificent piano artistry of Glenn Gould, Canada's own musical genius.

Mr. Gould, 25, is a native of Toronto, and appeared as the featured soloist with the Detroit Symphony Orchestra, conducted by Paul Paray, under the auspices of the Assumption University Christian Culture Society.

Mr. Gould has received nothing but favourable comment from many sources, including nationally circulated magazines, all of which recognize him as Canada's greatest gift to the world of music.

Mr. Gould has much concert work and several recordings to occupy his outstanding ability as well. There is very little doubt as to the future success of a talent such as Mr. Gould has displayed, for he is able to make his audience realize how well he can understand his instrument with each note of each selection. A performance of this caliber and determination can only find success.

H.N.U.A. Council Election Highlights

To prove to the male students on campus that the girls could win any election proceeding, this year's H.N.U.A. Council election and campaign was a highly centered demonstration of democracy in progress. Of the numerous offices up for election, one naturally received the most important focus, the presidency. Nominated for this position were two very able candidates, Nancy Hoag and John Kennedy. The vice-president's office was not up for election, since the outgoing Council elected one of its members to that office. Nominees for the offices of Senior, Junior and Sophomore Representatives were: Diana Harr and Elaine Bruce (senior), Mary Brown, Joanne McNulty and Mary Kay Aitken (junior), Ginnie Wells, men's candidate, and Ann Murphy (sophomore). There were two aspirants for the office of Athletic Representative - Judy Barr, Clun Himopong, and Marli White.

1956-57 Student Administrative Council Elected In Record Vote

At what turned out to be one of the most highly contested elections in the history of Assumption, a record percentage of the student body cast their votes Friday to bring victory to five successful candidates in the offices of the presidency, the vice-presidency, and the Senior, Junior, and Sophomore representatives. The candidates were selected for the high offices of the University Council.

FOREMOST CANADIAN PIANIST

Entertain Capacity Crowd

The Candidates

The second programme of the Campus Forum series, devoted to "The Cultural Aspect of Windsor" under the headings "Radio, Art, Music and the Theatre." Mr. Martin Miller reported that in three years he had formed both C.R.E. and CKLW attempting to make cultural programmes available to the public. C.R.E. does its work through the C.R.C. National broadcasts and CKLW through its boisterous N.B.C. Educational programmes are limited to the National School Broadcasters and a half hour of music presented by the Royal Conservatory students on Sunday. Paul has in the fact that CKLW, being privately owned must have many sponsors to survive, and so has to limit its programmes to spot sponsors. C.R.E. although it has a "personal" cultural theme, is its own culture relating to Windsor's needs alone.

Frank Sweet found that music in Windsor lacked real, wholehearted support. The Windsor Symphony is poorly managed and underpaid, while struggling music students are given little opportunities to display their talent. The Windsor Light Opera Society also receives small support. Windsor's musical future, in spite of heroic efforts of it's student music organisations, is dismal, he feels.

Denis D'Orion stated that "Books and fine foods are like looking for a needle in a haystack," and that the beauty of the arts is isolated from the rest of the world.

The Windsor Art Association has a membership of 250 in a city of 80,000. There are many talented people but no teachers, at least, none capable of teaching in direct simple language. A sincere gesture of interest is non-existent.

Alex Paulson felt that the Theatre in Windsor faces many problems. There is no adequate stage, and no support. Plays presented are overshadowed by a belated fee. The main bulk of the city never bothering their heads about it. There are four drama clubs and two light opera companies, with bitter controversy over any methods to amalgamate the theatre here.

Paul Clary, the chairman.

(Continued on Page 4)
The Purple and White is proud to announce Iris Savchetz as its Co-Ed of the Month. Iris is a fourth year student and is a Psychology major. Iris attended Walkerville Collegiate and received her Senior Matric from there.

Iris will be well remembered for her splendid support of various organizations on campus. These include the Drama Club, the Psychology Club, as well as the Debating Club this year.

Moreover, Iris has aptly filled the responsible position of President of the Holy Names Undergraduate Association during this current scholastic year. Iris' hobbies include folk dancing and music—in both of which she is proficient.

Next year, Iris plans to put her major subject to work, and will enter the field of Clinical Psychology.

We of the Purple and White extend our sincere thanks to Iris for her tireless efforts throughout her four years here at Assumption, and we wish her all success in years to come.

LETTER BOX (Continued from Page 2) In conclusion I must state that there are probably the most of my criticisms and other than these, Assumption has given me a wonderful year of education and secular life."—Leon Pearson.

Editor's Note: It is our conviction that the above viewpoint ranks with one of the most splendid displays of thinking ever encountered in an institute of higher learning. We believe that the wisdom of his year is underlaid behind the benign countenance and insatiable intelligence of Mr. Pearson. We leave the rest of the opinion up to you, dear reader.

The Editor.

During a recent student forum on Culture in Windsor, I made a criticism of the S.A.C., in which I stated that it had never done a request to help in the promotion of a local musical venture—the Messiah. That statement was in error and has been drawn to my attention, and upon looking into the situation, I have found that the error was on my part. I should like to apologize to the members of the S.A.C. and to the students of Assumption University to the former because they were wrongly accused, and to the latter because the were misled regarding their Council. I should also like to extend my apologies to any one else whom the remark may have affected adversely.

Thank you very much,
Your sincerely,
Frank H. Sweet, Jr.

Kaleidoscope

The Kaleidoscope has gone to press and will be out by the 25th of April. The Cellular of the earth is highly suggestive. The cover has a slight change and the layout has been changed. This year's book contains mostly short stories. So, it seems that Assumption will be seeing a more variegated Kaleidoscope this year.

CAMPUS FORUM (Continued from Page 3) needed all her finesse to stop the heated argument. But the point and the argument did agree that both business and labour are criminally negligent for the most part in their support of Windsor culture.

The entertainment of the evening was highlighted by Matt Battle as the enter, Rachel Joss, whose assistance in a 24th of July "Freedom Night" and "The Marriage of the Roses," and a play, "The Game of Chess," starring Phil Broadbent and Joe Locicrist, directed by Marlene Mills.

The book for the Third Campus Forum was "1940—Hope or Despair." It is an attempt to make to analyze the problems confronting the United States and Russia during those years, the social and economic factors which drove them to delineate their policies by an outward show of "strength and logic.""—Muriel Robinson. The book for the Second Campus Forum was "1940—Hope or Despair." It is an attempt to make to analyze the problems confronting the United States and Russia during those years, the social and economic factors which drove them to delineate their policies by an outward show of "strength and logic."—Muriel Robinson.

Lion Levine summed up the pessimistic attitudes with an analysis of the world problems since Geneva. He pointed out that 1940 can be a year of hope as well as noting that it is a year of decisions. The world cannot be spared to worry about lack of facts on the part of the Russian leaders, for in their attempt to convince us that Russia believes in liberty for all.

George McLaughlin was an excellent chairman, clarifying points and summarizing questions as if by a skilled coach.
Freddy Thomas Guest Speaker

SPORT-SCOOP

WITH HUGS

In advance of another baseball season it pleased us to know that three more Assumption-bound prospects have been secured by major league personnel and are scheduled to report for spring training at their respective camps within the next couple of days.

All three are National League affiliates, infielder Gene Elsberry and catcher Roy Giroix are property of the Chicago Cubs while pitcher Johnny Matta is property of the Milwaukee Braves. This will be the second year that John will ink a professional baseball contract. He saw action with both O'Clare and Waveland of the Chicago farm clubs in the New York State last season. John is the first year student in the Commerce course. He played under Father Cullen for four seasons on the Waveland High School roster where he caught the eye of the Braves scout with his free batting ability.

Giroix and Giroix, also grad of Father Cullen’s all star honor roll, are both scheduled to report shortly for spring workouts at Layfayette in Louisiana. Gene is a graduate of Paterson College and is presently enrolled as a second year student in the B.A. course. In 1954, Gene was selected to the All-City All-Star team where his hitting ability as a first baseman attracted Chicago personnel. The same sitters were not so forgetful as to overlook the “Little Yogi” of the same teams behind the plate, Roy Giroix. While in another role Roy’s signal calling led his team to three class “B” and two class “E” D.A.R.F. championship. Last year he led the Minnetonka Recreation and won the A.R.C. National Tournament in Elkhart, Indiana. While in the Heast League, Roy collected six hits in ten games at bat setting all time record for one game with two home runs, one three-bagger, two doubles and a single. For such a feat he was chosen on the Michigan College All-Star team which defeated the State All-Stars at Herron Stadium last September. Roy is a freshman in the Arts Course.

Meanwhile the Detroit Tigers appear to be having difficulty deciding on a suitable substitute to spark the double play combination of Keenan and Torgeson. As a second base Todd Bertola probably the better prospect to come out of Assumption in recent years, was recently released to the Tigers “B” division. Coach Harris is rather cautious to state just who will start at second, same opening day minus Joe Gordon, Buddy Rock and Bobby Haffner all have a job on the hands. Todd himself feels he would rather pull down a regular starting position with some team in the Triple “A” organization than get stale watching the parent Tigers.

RENO BERTOIA

The senior class took another chunk out of the Intramural sport cake last week and reinforced their football victory by last fall by emerging victorious in the basketball playoffs. Consequently they stand first in the Intramural sports parade, the class of 1956, who are owners of the hockey title. Peter Watckow's "Hockey" were winners in the division of the newly inaugurated sport of water polo. Bowling is sill in progress with the play-offs expected to get underway by April 4.

Congratulations are extended to all the commissioners of the individual intramural teams and Paul Reardon of intramural, Ted Scales of water polo, Art Clune of hockey, to Pete DeVriendt of bowling, to Tom Terman of basketball and to Fred Depuy of tennis, for the interest they have accorded and the participation they have engendered throughout the past year in their respective sports.

Bowling Briefs

With the end of the bowling schedule last two weeks away, DeVriendt's team is only in first place with 51 points. The top three bowlers are Garfield with an 80 average, Linn with a 78 average and Dragesuk with a 74 average. The top eight teams will be admitted in the play-offs starting April 4. Lucas' and Samphillips' chance at the stage will be very slim, Saage's team still has a chance, but after attaining this time last years chance will most likely be nil. The play-offs will be open on April 4. All average will remain constant during the play-offs.

Wayne University has invited our bowling league to enter in University Bowling with the State Fair Recreation.
