THE CHAPEL SANCTUARY
A NOTHER year has come and gone—another year painfully bearing the scars of a World War, another year which has seen many more of our Canadians march into the fray,—and yet for us it is not just another year. It is the end of a phase, a very important phase, in our lives, the Graduates of 1943. When we first entered Assumption, four short years ago, the conflict had just begun; now, as we leave, many of us will go to that conflict to join those others who have already volunteered. It is our sincere hope that the Graduates of next year will have a more constructive role to play.

But those four years themselves will ever remain very important to our hearts. It was during those four years that our characters and mental abilities were in their formative stage; the moulding was in the hands of our parents and teachers. It is for the world to judge the outcome. Yet, we have confidence. With this in mind we thank,—from the bottom of our hearts,—our teachers, (whom we prefer to regard as our friends), for their untiring and exhausting efforts with us; and our parents, to whom we shall ever be indebted for their love and devotion. And, above all, we wish to thank Assumption—the spirit of Assumption—that spirit which moved her founders with that fiery zeal which is moving her many Graduates today,—those on the war-fronts and those on the home-front. That zeal is the spirit of right as embodied in her crest, "Teach me Goodness, and Discipline, and Knowledge". But to be taught it is not enough; we must practice it and defend it. In our years here we have been taught the former, it is to the task of protecting it that we Graduates have dedicated ourselves.

"C'est bien fait," as ye Frenchmen would say.

They come, and they go; and each succeeding class upholds Assumption's record for producing fine students. But we, the Grads of 1942-43, can honestly believe that we have achieved something of which we can feel proud.

Over a fifth of this year's missions fund was contributed by the graduating class. Compare that to the average Grad's expenses, and it is a record deserving a frame.

Their fighting years at Assumption have inspired many of this year's crop of veterans to join the armed forces. Some of those who have done so to date are: Daniel Jones, John Lilianthal, Peter Mayer, Murray Waymouth.

These boys are graduates and friends known to us all. Many of us will soon be joining them and taking our part. Let's keep 'em flying.

Something new has been added! Such innovations as the Day Scholars' Student Council and the Day Scholars' Smoker are new organizations that have sprung up during the past year. Credit for the starting of them is due to certain members of the graduates. The Council is similar to that of the Boarders.

The French oratoricals were a great success. Peter Jansen is reputed to be a Frenchman incognito, and Arthur Harris is personally acquainted with Superman. A few of the other Grad contestants were Ernest Plante, Linus Bastien, and George Beaune.

Athletics this year saw the spotlight on the Assumption senior teams. The football team was handicapped from the very start by the no-football ruling, but they made valiant efforts in the States, even defeating the strong Ann Arbor team. But basketball was a different story. Such players as Rorai, Hogan, Decraene, and Kritzmiller don't run in streaks. They, and their team-mates, brought the championship home to Assumption, after defeating Patterson in the finals. Their record of a one-defeat season is a tough goal for future Assumption teams. . . . The senior hockey team played a fine season, but lost out in the finals.

The highlights of this year's graduating class are few, and important only to itself. But many can look back and say, "Those were good years".

A Reporter Issue is Born

1. Reporters scan the Editor's semi-monthly orders for their own individual assignments.

2. Sometimes, interviews are necessary to obtain information. Here James Talbot questions Father Thompson concerning some late news break.

3. Paul Wall, Assistant-Editor, is consulted by the "Cub" Reporters about the composition of their articles. He settles many a grammatical problem.

4. Once the copy is all in, the Editors of the different departments re-arrange, re-write and type all articles concerning their own section of the REPORTER. Here we see the Press Room at deadline time.

5. "Mike" Ryan, Editor-In-Chief of the paper, receives all the finished copy from the Editors of the various departments. He re-reads, re-checks, and sometimes eliminates.

7. The printer then receives the typewritten copy. Here we see Mr. A. LeBlanc, of SEGUIN BROS., LTD., putting the REPORTER through the first stage of printing. The whole copy is "typed" on the monotype machine, according to the instructions of the Editor.
9. The perforated roll from the monotype machine is pulled through the casting machine, where each individual letter is cast. At middle right we can see a column of lead type leaving the machine.

10. The columns of lead, fresh from the casting machine, are proofed by hand by one of the printers. These are the first impressions of the new issue.

8. Miss M. Pero, of SEGUIN BROTHERS, compares the Editors’ typewritten copy with that of the printer’s proofs. She checks all printer’s mistakes, (as well as those of the Editor).

11. Once the mistakes are discovered, the compositor makes the necessary corrections by hand in the lead castings. Proofs are then made of the corrected castings, and then returned to the Editor, for final correction and instructions. Two copies are made of these proofs.

12. Once the proofs arrive, the Editors get busy with the final proof-reading.

13. While they read and correct, the photo department search the files and “cut-cabinets” for any picture or cut necessary for publication. The REPORTER has a valuable collection of cuts, valued at $16,000.

14. While one set of proofs is being corrected, Paul Meloche cuts out each individual article from a second set.
15. These articles are arranged by Paul and placed on the Editor's desk, where the latter is busy making a "dummy" copy of the new issue, i.e., pasting and arranging the articles in the desired place on the paper, and writing in the headlines. This process takes at least five hours—of real hard work.

16. Once the "dummy" is completed, the REPORTER is then ready for the Printer. Here we see the compositor rearranging the lead castings of each separate article, according to the instructions on the "dummy" prepared by the Editor. The headlines are put in by hand. This is another long and careful process, which takes approximately five hours. Mr. LeBlanc has been doing this work for Seguin Brothers for twenty-five years.

17. Here we see the climax of four days of hard work by REPORTER staff and Printer. The lead forms are ready for the printing press. They are being locked securely in the press form, which, in a few moments will be placed in the printing machine. This form contains two pages of the April 1st issue—the first and fourth page.

18. The press rolls! The result of long, tedious labour is printed in a few minutes. Within a short time, it is folded, packed and delivered.

19. Punctually delivered at 2:30 p.m. on the first and fifteenth of every month—without fail—it leaves the Press-room at 3 p.m., where Circulation Manager Gerald Beamish distributes it to the Class Reporters for delivery to the individuals of their respective class-rooms.

This year’s squad, though comparatively small, was none the less a good one. With but five Raiders returning from the wars of ’41, Fathers Armstrong and Mulvihill, hampered also by the sudden forced switch to the American game, molded a very formidable gang of footballers. Both rival and neutral coaches and observers were quoted as saying that ours was one of the hardest tackling teams they had ever seen. The records show that in ’42, Assumption was blessed with another good football team.

MINIM BASKETBALL

LEFT TO RIGHT: Mr. J. Mullins, C.S.B., (Coach); D. MacKillop; J. Cameron, (Capt.); W. Bancroft; J. Maschin; J. Ferraro; A. Stailey; W. Clarke; C. Johnson; D. Manz; T. MacFerlan; L. Donahue.
The nineteen forty-three edition of Purple Ice Warriors was one of the finest ever to represent the school. During the regular season they won five games, and went down to defeat but once, counteracting this blot by turning the tables against Walkerville in their second meeting. Finishing first in the standings, our boys were given an excellent chance to cop the City Championship. Although they put up a fight all the way, they were defeated in two straight games, by an apparently stronger and smoother Walkerville team, in the play-offs. Led by Captain Ray Adam, and such stalwarts as Bill Clark and Bob McFadden, the Seniors always gave their supporters plenty to cheer about, and it can never be said that they quit trying.
SWIMMING TEAM

In its two meets during the past season our team showed up very well. The first was a dual affair in which Kennedy fell by the wayside. In the second, the annual W.S.S.A. outing, the boys finished in 2nd place. Firsts were posted by Jim Blake, in the 200 yard free style, and both Junior and Senior Relay teams. Seconds were won by “Zip” Cameron, in the 40 yard free style, Jim Blake in the 100 yard free style, and the ninth grade relay.
The Boxing team had a rather tough season, winning but one out of three meets. This victory was over Catholic Central, from whom we took five out of nine bouts. Next year we should have a team that will put on a little better showing with such excellent pugilists as Jack McCabe, Joe Ferrara, Norm Herbert, Dick Tracey and others forming the backbone. We hope then to win three for three.

ASSUMPTION COLLEGE

HIGH SCHOOL BAND
FOREWORD

A BAND MAY WELL SYMBOLIZE SOCIETY!

It is a good or bad Band if the musicians of that Band give true or false renditions of the score they are attempting to play. Society, too, is good or bad, if the individuals of that society harmonize with each other in the great Score of Life.

The Music of society to-day is cacophonous. Hate and Pride and Disobedience have produced War and Tragedy and Death. Men have refused to play the score as written and all are out of tune. Surely the present discord will lead to disgust and disgust will lead to humility, and humility to the great truth that:

Christ is the Great Composer; the Church is the Conductor infallible, and men, the musicians, faithful to the score and obedient to the Conductor, will produce a marvellous harmony of love, self-sacrifice and co-operation. Then will be heard on earth the Music of the City of God!

Underlying the cultural, social and musical benefits that come to us from the hard work and faithful practice necessary to produce good music, we of the High School Band like to think of ourselves as the symbol of the profound truths stated above.

Under the patronage of St. Caecilia, whose intercession we invoke, may the history of the Assumption College Band continue to grow richer with each new year.

In 1936, a Band of soldiers was billeted in the old wing of Assumption College which served at that time as a barracks. Needless to say it was a noisy place with the clicking of heels, the pounding of feet, the thumping of rifles and the barking of commands.

In 1938, the same old building experienced an invasion from an equally noisy band of boys, led by a little fellow with a determined look in his eye. Day after day, strange sounds were sent forth from that building, which were akin to a cross between a dog and cat fight, the Hermit’s Cave and a pep rally.

Our Band history dates from this tempestuous and difficult beginning. Under the direction of that same little fellow, Professor Sabia, by name and aided and abetted by Fr. Frank Burns, the seeds of the present Assumption Band were carefully sown.

1939 In 1939 a practice room was provided, storage lockers were built, new music and a complete set of uniforms were purchased and finally the Band started in to attack #17 in the Blue book with a vengeance which augured well for the future. Willie Winters as our first Drum Major and Felix Abaldo as Bass Drummer proved to be the leaders of the season.

Our first public appearance came in December of ’39 at the First Merry-Go-Round. This proved to be a highly delightful programme and definitely established the Band in our school.

We had played at several football games prior to this but had made no attempt as yet to march.

The season was brought to a close by a Band Concert coiled the programme and the ‘Splinter’ Parade on May 21st in aid of Britain.

The three outstanding performances of the Band during the Concert season were in winning a gold medal gave great impetus to the Band.

1940 As few of the boys returned to school in the Fall, it was necessary to look around for recruits to rebuild the Band. Though lacking in experience the new members made up for it by their enthusiasm and consistent efforts. Jack Harris and Larry Miner, the long and short of it, filled the role of Drum Majors left vacant by Willie Winters’ graduation. They not only led the Band but kept them in good spirits by their antics.

During the basketball and football games we enlivened the proceedings with our music.

The outstanding events of the year proved to be the second Annual Merry-Go-Round with Jack Harris in the role of Master of Ceremonies; the Concert of St. Patrick’s Day at St. Mary’s Academy and the sending of four soloists to Ann Arbor. Norval Wyse’s success in winning a gold medal gave great impetus to the Band.

1941 Graduation and the call to arms had made heavy inroads into the ranks of the Band and the prospects for ’40-’41 were not very bright. A Band summer school, however, directed by Prof. Sabia produced a winning combination.

On their first appearance at the Fireman’s field day they tasted victory. Headed by our 5 twirling Drum Majors, they marched and played like veterans, and were rounded applauded along the route of parade, and in front of the Grandstand at Jackson Park.

With the coming of the football season, the Band added to its popularity by its display of intricate formations and marching at the games. Despite the loss of our two Senior Drum Majors, the now well-known trio of Bob Gluns, Francis Pare, and Don Cousineau rose to the occasion and even surpassed their predecessors with their field tactics and twirling.

Their fine work was praised by the press on several occasions.

After Christmas the Band played for the basketball games, featuring the songs of our opponents, and giving a stirring performance at each appearance.

Other feature appearances of the Band were the War Savings Drive Parade; graduation exercises in Amherstburg; the college radio programme and the “Spitfire” Parade on May 25th in aid of Britain.

The three outstanding performances of the Band during the Concert season were the Annual Merry-Go-Round, held on March 17th, their performance in the Musical Festival at Sarnia, on May 9th. and at Waterloo.

The programme offered by the Band on the occasion of our Third Annual Merry-Go-Round was a revelation to many of the audience.

In May the Band went to Sarnia to compete in its first Music Festival. Though pitted against two of the best Bands in Ontario, the inspired performance of our boys gained them a mark of 80 points.

ABSENT: R. Brulier.
With the coming of Spring, we realize that the year is fast drawing to the close and that Graduation with its honors and sorrows is near at hand. The Band is indeed fortunate as well as unfortunate to have two of its members among the graduates of 1943. We are fortunate by reason of the honor that it brings, and unfortunate in the fact that it means the parting of the ways and the loss of two of our valued members.

Bob Wilder, our able Bass player and loyal member of our organization, will line up with Uncle Sam's forces at the completion of the term. Bob has been our Secretary during the past year and a half and has filled his post well. His record of loyalty, enthusiasm, dependability and whole-hearted support of the Band is one that might well be emulated and will make it very difficult to replace him. In those same prayers which he led each day at practice, and which were said for all our former Band members, especially those boys in the armed services, he will have a very special place when he leaves our midst.

Joe Mascaro, our number one horn player, who has been trying for the past four years to push those unruly notes around the bend in his horn, will also don the cap and gown to receive his diploma in June. Congratulations to you and may you attain every success in your chosen walk in life. It is our hope that the Christian ideal of life, which should be the model of every member of our Band, may be the guiding star of your lives, the Graduates of '43, and may God bless you.

Our Alumni in the Armed Forces

War with its tragedy, suffering and bloodshed, has spread over the face of the earth and affected the lives of millions. The Allied forces are locked in a death struggle on the far-flung battle fronts of the world to turn back the hordes that seek to rob us of all that free nations cherish and esteem.

At a time such as this, our country looks to its citizens to unite in a supreme effort, both at home and on the battlefield, to bring ultimate victory.

The Assumption College High School Band, though a comparatively young organization, has contributed to the War effort in many ways to date, but it points with special pride to its members now serving in the armed forces. According to the latest reports, our boys—thirty-three in number—are now serving their country at such wide spread points as England, North Africa, Scotland, California, Texas, across Canada and on the high seas.

Our director, Professor Sabia, who served in the Canadian Army in the first World War, is again doing his bit as Band Sergeant with the Essex Regiment Tank Reserves in Windsor.

Arrangements are now being made to make it possible to enrol our entire Band as members of the Air Cadets of Canada, thus assisting in the War effort still more. The training should prepare our future Alumni, if and when they are called upon, to take their places in the ranks of our armed forces. An opportunity, likewise, will be given them to use their musicianship to assist a worthy cause.

CONDOLENCES

To Jack Harris, our genial and fun-loving Drum Major of '40 Band who lost his Mother and Father just recently within three weeks of each other.

To Frank McFetty, our friend and generous benefactor, in the loss of his sister.
day for the boys, former members of the Band and especially those in the armed services. Besides all members past and present are remembered daily in the Holy Sacrifice of the Mass. These practices will be continued.

At the end of '41, an organization, known as the Parents' Band Auxiliary, was formed to raise funds to send our Band to the competition at Waterloo, Ontario. This was perhaps the most successful and most enjoyable trip ever taken by the Band. Since that time the Auxiliary has continued to function and today it is organized in both Canada and the United States with Mr. Wm. Baldock and Mr. John Wilder as the respective presidents. To all the members of the auxiliaries, our parents, we boys express our sincere gratitude for all that their efforts have made possible in our regard.

In conclusion a word of praise and thanks is due to Professor Sabio whose excellent musicianship is devoted patiently and with great kindness to instilling into us a love of real music and the better things of life.
