## HISTORY OF THE UNIVERSITY OF WINDSOR

On July 1, 1963, the new, non-denominational University of Windsor inherited an educational complex founded in 1857 as Assumption College, developed since 1870 by the Basilian Fathers (the Congregation of St. Basil), and expanded to Assumption University in 1953. The transition from an historic Roman Catholic university to a non-denominational institution was unprecedented.

The new institution included Assumption University as a federated member, operating residences on campus for men and women and holding in abeyance its degree-granting powers except in the graduate Faculty of Theology. All of the facilities and teaching faculty of Assumption University were absorbed in the University of Windsor, as were those of its federated, non-denominational Essex College, which ceased to exist.

### **Heritage**

Assumption College opened its doors on February 10, 1857, largely through the efforts of Rev. Pierre Point, S.J., pastor of Assumption Parish in Sandwich, established as a mission in 1748 and made a parish in 1767, the oldest in Canada west of Montreal. M. Theodule Girardot was the first instructor. The College was incorporated by an Act of the Legislature of the Province of Canada which received Royal Assent August 16, 1858, during the Superiorship of Rev. Joseph Malbos, a Basilian who guided it for one year. Successively, the College was directed by Jesuits, Benedictines and secular clergy until the Basilians returned in 1870.

During the early years, the curriculum consisted of classical and commercial courses providing a complete high school and Arts course, primarily designed to prepare students for theological seminaries, although many alumni entered business and professional spheres. In 1919, Assumption affiliated with Western University, London, Ontario (now the University of Western Ontario), as an integral part of the latter's Faculty of Arts and Science with a broadened curriculum including General and Honours Courses in Arts and Science leading to Bachelor of Arts and Bachelor of Science degrees, graduate work in Philosophy leading to the Master of Arts degree, and pre-professional programs such as pre-engineering, pre-medicine and pre-law.

From 1934 to 1962, Holy Names College, conducted by the Sisters of the Holy Names of Jesus and Mary, enabled Assumption to become co-educational. Then the Sisters disbanded the College, while continuing to teach at the University, and Assumption took over its women's residence which was re-named Electa Hall.

### **University Development**

On July 1, 1953, Assumption ended its affiliation with the University of Western Ontario and obtained its own university powers through an Act of the Ontario Legislature. In 1954 it was admitted to full membership in the National Conference of Canadian Universities and Colleges, to the University Matriculation Board of Ontario, and to the Association of Universities of the British Commonwealth.

In 1956, the College became Assumption University by an Act of the Ontario Legislature, and accepted as an affiliate the non-denominational Essex College, incorporated in 1954, which assumed responsibility for the Faculty of Applied Science, the Schools of Business Administration and Nursing, and the Departments of Biology, Chemistry, Geology and Geography, Mathematics, and Physics. Holy Redeemer College, national seminary of the Redemptorist Fathers, located three miles off campus, also affiliated. In 1957, Canterbury College, offering courses in Philosophy, Religious Knowledge and Medieval History, became the first Anglican college in the world to affiliate with a Roman Catholic university.

### **Recent Expansion**

The University of Windsor was incorporated by the Ontario Legislature on December 19, 1962, accepting Assumption University in federation. During 1963 and 1964, affiliation agreements were made with Holy Redeemer College, Canterbury College and the new Iona College (United Church of Canada), the latter two planning to sponsor student residences and chaplains. A notable innovation in 1963-64 was the establishment of an inter-denominational, undergraduate Department of Theology, now offering courses in three theologies (Anglican, Roman Catholic and United Church), but available to others as the need arises.

The University of Windsor assumed control of the campus on July 1, 1963, and became a member of the International Association of Universities in June, 1964. Rev. E. C. LeBel, C.S.B., first President

and Vice-Chancellor of the University of Windsor, was succeeded on July 1, 1964, by Dr. J. F. Leddy, who had been Vice-President (Academic) of the University of Saskatchewan.

A general expansion of the Faculty of Graduate Studies was accelerated in the academic year, 1964-65. The School of Business Administration became the Faculty of Business Administration in 1965. The Faculty of Law was established in 1967 and the Law building is under construction at the present time.

A new language laboratory is the largest of its kind in Canada. Experimental closed-circuit TV lectures were started, and a new Biology Building was opened in 1966.

The department of social work, established in 1966, was raised to the status of School in 1968.

A new School of Physical and Health Education offers an Honours B.P.H.E. program. A new athletic field with an "all-weather" track and School of Physical and Health Education building was constructed; and the south wing of Windsor Hall, to accommodate the psychology department and other branches of the humanities and social sciences, as well as a new, ten-storey men's residence were completed. Expansion of the north wing of Windsor Hall, to provide additional classroom and departmental office space, is now under construction.

# GENERAL INFORMATION

## I. CAMPUS LIFE

The University of Windsor's formal academic program is complemented by a co-curriculum intended to broaden the moral, social, and physical capabilities of the students. Through this cooperative effort, all are given an opportunity to derive maximum personal benefit from and to contribute to the university community.

The main responsibility for the effecting of this program is that of the Office of Student Affairs, which is charged with the general supervision of the co-curricular interests and activities of the students in so far as they pertain to campus life. This includes counselling, social and cultural activities, conduct, discipline, placement and housing. The Student Affairs Office personnel work in cooperation with student organizations to insure their just representation within the structure of the university and to maintain an academic community, governed by reasonable modes of conduct, dedicated to the development of enlightened and responsible citizens.

### **The University Centre**

The co-curriculum has its nucleus in the University Centre which is adjacent to the major classroom structures. The Centre provides facilities which include a cafeteria, a formal lounge, a music and magazine lounge for informal moments, a snack bar where students and faculty can mingle, and a walk-through art gallery for the presentation of a series of exhibitions of the plastic arts. All of this, as well as most of the University's fine art collection, is on the main floor. The ground floor has a well-stocked University Store, supplying books and sundries, as well as women's locker rooms adjoining the pool, and a commuters' lunch area whose windows, looking out on sunken fountain gardens, have earned it the name "The Grotto". On the Centre's second floor is the Students' Administrative Council Office, the Student Press Office, another lunch area overlooking the landscaped mall, and a number of flexible meeting rooms for small groups. The Ambassador Auditorium and the Faculty-Alumni dining room and lounge provide a fine northern view of old Assumption Church whose Gothic profile is framed by the towers of the Ambassador Bridge, connecting Southern Ontario with Detroit, Michigan. The Auditorium accommodates banquets, dances and musical events, as well as frequent meetings.

In 1969 a new food servicing building named Vanier Hall will be opened and will provide dining facilities for fifteen hundred students. Vanier Hall will also provide a recreation area, student offices and a snack bar.

### **The University Library**

The present four-storey library, to be expanded in 1969, provides shelving for over 350,000 volumes, and has a seating capacity of five

## **General Information**

hundred. The open stack arrangement permits the readers ready access to books, as well as study carrels in the stack area. The main lobby space and check-out system encourage ease of circulation.

## **Student Government**

Student organizations and activities are a vital part of life at the University of Windsor. The initiative in these organizations and the direction of their activities are in the hands of the students and are regulated in the main through their student government of which all students are members. The students' administrative council works with all other organizations to maintain a cooperative, orderly, constructive college community life. Faculty advice and assistance is readily available to all student organizations.

## **Clubs**

Interest groups and clubs employ the facilities of the University Centre for their organizational base, and here are to be found debates, ethnic interests, and club meetings for those who express an interest in such things as skiing, flying, chess, or French speech and culture. The campus organizations provide social, political, religious, cultural and recreational opportunities and experiences. For students having special abilities and interests there are departmental clubs, national and local organizations, and inter-collegiate teams. None have restricted membership.

## **The Graduate Student Society**

The Graduate Student Society was recognized on January 30th, 1964, and is intended to serve as the consolidating body for the views of the post-graduate students. In addition an inter-disciplinary exchange encourages the gathering together of graduate students from the various faculties for educational and social activities making them aware of the full range of academic, cultural and social opportunities available through the University. The Society sponsors lectures by specialists in varied fields of graduate interest with the intention of promoting inter-disciplinary awareness and understanding.

## **Publications**

Students interested in journalism or creative writing can find expression in the weekly newspaper, the "Lance," the "Ambassador" yearbook, and the annual literary magazine, "Generation."

### **Athletics**

Realizing the value of a balanced regimen of exercise and play as part of the total education process, the University fosters an athletic program which is both recreational and competitive. Approximately eighty per cent of the students participate in extensive intramural programs for both men and women involving some eighteen sports. While under the supervision of the Director of Athletics, these programs are operated by the students who participate. For those who excel athletically there is opportunity for competition within the Ontario-Quebec Athletic Association.

### **Special Events**

Each year brings an increase in the variety and number of special events scheduled on campus or through campus organizations. The well-established Christian Culture Series, conducted by the federated Assumption University, brings outstanding lecturers and artists to the area throughout the academic year. A feature of annual wide-spread interest is the Canadian-American Relations Seminar which brings together internationally known personages from government, university and business in Canada and the United States to discuss matters of mutual concern and interest. A bright sidelight of the Seminar is the Student Seminar in which similar interests are expounded from other points of reference.

The Music and the Drama Departments offer programs to please both students and members of the local community.

## **II. STUDENT SERVICES**

### **Counselling**

To help in the achievement of fuller personal development, of intelligent career choices, and of intellectual freedom and satisfaction within the challenging educational framework, the University provides students with counselling services commensurate with their particular needs: educational, vocational, moral, social or religious.

### *Personal*

Students are invited to consult the staff of the Office of Student Affairs for assistance in personal matters, and for counsel related directly to their University community.

### *Financial*

Consultation regarding financial assistance, with particular reference to awards, student loan funds, and the Canada Student Loan, may be obtained from the Awards Office. The University recognizes that some students must supplement their income by part-time employment during the academic year; but unless such employment is kept to a minimum both health and academic standing could suffer.

## **General Information**

Since long hours of outside work usually reduce the benefit one can derive from the total university experience, it is possible that some students will be required to take a reduced study program. A person in such circumstances might be better advised to postpone his higher education until he can afford to devote full time to the many important facets of university life which contribute to the true educational pattern.

### *Academic*

Each first year student will have an opportunity to consult with a faculty member from an appropriate department for advice on academic matters, and for periodic counselling.

### *Religious*

Although the University is non-sectarian in its support of campus religious life, it is aware of the importance of ethical and moral influences in the development of the individual. Students, therefore, have access to the spiritual counsel of chaplains representing various denominations.

## **Psychological Centre**

A professional staff of licensed psychologists, a psychiatrist and a sociologist, are available for consultation and technical assistance in personal and vocational guidance.

## **Health and Insurance**

*Medical Office*—The University has a medical office, with a physician and nurse, to advise and counsel students who are in need of care, therapy or hospitalization. A number of first-aid stations, for the treatment of minor injuries, are distributed throughout the University buildings.

*Accident Insurance*—All full time day students are covered by a blanket accident insurance policy administered by the University. This covers students for actual expenses incurred as a result of an accident.

*Health and Hospitalization*—Students are urged to enrol in the group medical and hospitalization plan available through the Office of Student Affairs. Students are required to submit a certificate of medical examination performed by their family physician as part of the routine admissions procedure. Those students participating in athletics must also submit annual medical certificates. The University does not assume responsibility for expenses incurred as a result of injuries sustained by students on campus. Further information about the University's accident insurance plan, health insurance and hospitalization plans may be obtained from the Office of Student Affairs.

*International Students*—International students are covered under the Accident Insurance and Accidental Death and Dismemberment Policies as described above and are also strongly urged to enrol in a health and hospitalization plan such as OMSIP or Ontario Hospital Services Commission.

### Placement

Job-seekers, whether they need summer work, part-time work during the academic year, or permanent employment upon graduation, are assisted by the campus Placement Officer, who is appointed by the Canada Manpower Centre. During the year interviews with prospective employers from business, industry and education are arranged for seniors who are registered with the Placement Office.

### International Students

The University's concern for the large overseas student population has prompted the establishment of an International Students' Organization, in cooperation with the Students' Administrative Council. The inter-cultural exchange has proven invaluable to all engaged in the development of the program. Over three hundred scholars are enrolled each year, representing nearly thirty countries.

In 1968, the International Centre was opened. This Centre, which is located in the middle of the campus, provides an educational and social milieu for overseas students.

## III. RESIDENCE ACCOMMODATION

Traditionally the University residence halls provide about half the campus student population. More than half of the University's student population comes from outside the city, representing various regions across Canada, many overseas countries, and the United States. Such a cosmopolitan environment produces important cultural and spiritual by-products enjoyed by all members of the University community. The housing of these out-of-town people is administered by the Office of Student Affairs, which provides on-campus residence information as well as lists of available off-campus lodgings.

Scholastic endeavor is particularly emphasised in the residence halls on campus, where the atmosphere is expected to contribute to personal and social expansion. All new students in their first year of study are expected to live in a residence provided by the University or by one of its federated or affiliated colleges, so far as facilities permit, unless they are living at home or with close relatives.

When the Office of Student Affairs is notified that residence is required, the applicant will receive additional information concerning residence hall policies and will be notified of assignment status.

## General Information

Permission to live off campus should be obtained from the Office of Student Affairs where students are not living at home or with relatives. No women students under the age of twenty-one will be given permission to live off campus without first submitting written parental approval to the Dean of Women. Lists of off-campus lodgings are published under the direction of the Office of Student Affairs.

The University of Windsor owns and/or operates a total of six residences for men and women, plus a central food complex to service these residences. They are:

**Electa Hall**—Built in 1958 with a larger addition in 1963, this women's residence is located on the north side of the main campus and can accommodate 225 female students in double and single rooms.

**Sir Wilfred Laurier Hall**—This residence is part of the central residence complex located on the south side of the main campus and will be ready to accommodate 356 female residents in September 1969.

**Sir John A. Macdonald Hall**—Identical in structure and location to Laurier Hall, this ten storey men's residence was completed in 1967 and is now entering its third year of operation. Both Laurier and Macdonald Hall are directly adjacent to the food complex building.

**Cody Hall**—This residence was built in 1962, and can accommodate up to 210 male residents in a five storey structure on the south side of the main campus.

**Huron Hall**—This residence was purchased in 1968. Formerly known as the New Frontier Motel, Huron Hall underwent extensive remodelling to make it amenable to student needs. It is located approximately one block from the main campus on the new south campus, and has a capacity of 210 male students in double rooms.

**Vanier Hall**—Scheduled for completion in July 1969, this building is designed to accommodate up to 1500 resident students in two main dining rooms on the first floor. The basement level has been designed as a recreational facility for the University at large, and is equipped with an art gallery, meeting rooms, residence government rooms, a billiard room, card room, ping-pong room and a coffee shop designed in the fashion of an old English pub. The lower floor also contains the administrative offices of the University of Windsor residences. This new structure fronts on Huron Line on the main campus and is between Sir John A. Macdonald Hall and Sir Wilfred Laurier Hall.

Assumption University (a federated institution) provides space for 45 male graduate students in **St. Michael's Hall**. For information, write to: Assumption University of Windsor (Residence Manager).

Canterbury College operates **Geoffrey Fisher Hall**, a residence for married students, and other houses for graduate and undergraduate students. For information write to: The Censor, Canterbury College, University of Windsor.

The Faculty of Law of the University of Windsor was established in 1967 with the appointment of Dr. Mark R. MacGuigan, at that time Professor of Law at Osgoode Hall Law School, as Dean of the Faculty and Professor of Law.

The first entering class of students was admitted in September, 1968. By September, 1970, with the admission of the third entering class, all three years of the law school program will be in operation. The first law degrees at the University of Windsor will be conferred in 1971.

The Law School will occupy temporary quarters on the University of Windsor campus until the completion of a new law building, which it is hoped will be ready by the winter of 1969-70. The new building will have accommodation for a student body of 400, a faculty of 25, and a library of 150,000 volumes. It will be conveniently situated on the main University campus on University Avenue, a short distance from the Detroit River.

An essential element for the study of law is a book collection adequate for the needs of the faculty and student body. Although it is less than two years old, the law library of the Faculty of Law is prepared, with its collection of 30,000 volumes, to satisfy present student requirements. The collection now contains the statutes and case reports of Canada, England and the Commonwealth as well as the primary United States materials. Through co-operative arrangements with selected Canadian and American law libraries and advanced inter-library loan techniques, more specialized material can be easily obtained. The experienced library staff is continuing its program to develop a strong well-balanced collection which, when it is placed in the new law school building, will take a place with the finest law libraries in Canada.

The philosophy of legal education of the Faculty of Law is based on the view that law is not an end in itself, but rather a never-ending process towards the achievement of social ends; education in the law, therefore, is education in a process-oriented social science which is continuously directed to the creation of the best possible social order.

Inasmuch as it is practised, law is of course an art as well as a (social) science. But despite the fact that most lawyers will spend the greater part of their professional lives engaged in the day-to-day practice of law, the best legal education even for such a career is nevertheless one which focusses on law as science rather than as art. This is so not only because legal skills are most effectively learned in actual practice, whether as articled clerk or as junior lawyer, not only because once caught up in the onrushing currents of affairs a practitioner can never again touch down for long on the

## **Faculty of Law**

fertile soil of scholarship, but primarily because legal techniques (as opposed to skills) are fundamentally matters of knowledge rather than of mere performance. Hence practice itself, to the extent that it is not just routine (and most routine does not require any kind of legal education by way of preparation), requires the kind of understanding of legal processes that can be gained only in an academic environment that puts law in perspective as a social process.

Yet the law is a practical, not a theoretical, science. Thus the law school, although it may use the resources and insights of sociology, economics, social psychology, and history, does not intend to turn the law student into a sociologist, economist, social psychologist, or historian, or to contribute to the knowledge of those disciplines as such. The focal point of legal study always remains law, which, as the social science which orders human conduct, is therefore the most practical in its orientation. Law, then, must always remain the master in its own house, even while relying heavily on other sciences. Granted its practical bent, that legal education is best which reaches for the broadest and deepest understanding of the law — not only at the philosophical level but also at the level of legal principles and concepts. The conquest of some considerable detail is of course essential — law cannot be grasped without a knowledge of laws — but the aim should be detail for understanding's sake rather than for its own sake.

Canadian law schools have traditionally concentrated upon the development of one legal technique: the analysis and solution of problems arising from an already existent fact situation. Such a narrow focus can no longer be justified, and legal education must therefore attempt to develop the techniques of drafting, negotiation, planning, counselling and advocacy. All of these techniques, of course must be enveloped in a jurisprudential perspective.

## **ACADEMIC REGULATIONS**

### **Admission Requirements**

A candidate for admission to the first year of the course leading to the degree of Bachelor of Laws must submit proof of:—

- (a) graduation from a recognized university with a Bachelor of Arts degree or its equivalent; or
- (b) completion of two years' academic work in a recognized university after requirements similar to the Ontario Grade 13 certificate (Senior Matriculation); or
- (c) completion of three years' academic work in a recognized university after requirements similar to the Ontario Grade 12 certificate (Junior Matriculation).

Every candidate for admission must give particulars of any previous study of law and must furnish details of any interruption of his academic program.

These are minimum requirements for admission and the Faculty reserves the right, in the case of all candidates, to pass upon the content and grades of previous academic work and to reject candidates whose academic work is, in the opinion of the Faculty, unsatisfactory.

### **Content of Academic Work Qualifying for Admission**

A degree in Arts, Science, Commerce, Medicine, Engineering or Applied Science will normally satisfy the "content" requirement for admission of graduates of recognized universities.

Other applications for admission will be dealt with on their own merits, and admission will depend on the approval of the Faculty regarding the academic program offered by the applicant, and on the grades obtained in such academic work.

### **Satisfactory Grades in Pre-Legal Academic Work**

Second class honours (approximately 66%) will be considered a satisfactory degree of attainment in pre-legal academic work. Candidates who have not attained that standard will not necessarily be denied admission, but in all such cases applications will be dealt with on their merits, subject to whatever explanations may be provided by the applicant, by persons to be named in the application form from whom letters of recommendation are received, and on the basis of any other information that the Faculty may at its discretion request.

### **Law School Admissions Test**

The L.S.A.T. is devised at Princeton and is an aptitude test required for all applicants to United States law schools, although it is optional in Canada. Test dates and Canadian test centres are indicated in the booklet.

We recommend the Law School Admission Test to you, as the results from it greatly assist our admissions committee when reviewing applications. This is particularly important in the case of applicants who want to emphasize criteria other than just their academic record.

## **Faculty of Law**

### **Procedure**

All applications for admission to the First Year of the course leading to the degree of Bachelor of Laws must be submitted to the Faculty of Law, University of Windsor.

In light of the fact that it is necessary to limit the number of persons who may be admitted into the First Year of the course, it is recommended that applications for admission should be in the hands of the Faculty by July 4th. Applications received after July 4th will be considered having regard to limitations of space and numbers.

All applications for admission are considered by the Committee on Admissions for Law Studies. Applications must be on the forms prescribed by the Committee and must be accompanied by:—

- (1) the applicant's matriculation certificate unless he has obtained a university degree;
- (2) official transcripts of all undergraduate and graduate work from all colleges or universities attended;
- (3) two letters of recommendation;
- (4) any further information that may be required by the Committee in a particular case.
- (5) A deposit of \$50.00 (non-refundable and credited towards tuition) by July 15th, 1969, or accompanying the notice confirming attendance if this is after July 15th.

Applicants will be notified as soon as possible whether or not their applications have been accepted. An applicant who is notified that his application has been accepted must signify his intention to attend by July 15, or within two weeks of the date of the posting of the notification of his acceptance, whichever is later. Failure to do so may result in withdrawal of acceptance.

Where an applicant has not obtained a Bachelor's degree prior to January 1st of the calendar year for which he is seeking admission to law school, the Committee will not, except in unusual circumstances, make a decision on his application before transcripts of his complete pre-law course are available, and not normally before July.

### **Admission to the Practice of Law**

The degree of Bachelor of Laws does not in itself admit to practice, and a student registering for this course and contemplating practice should communicate with the secretary of the Law Society in the

province in which he intends to apply for admission to the profession. Every provincial Law Society in the common law provinces requires some period of articleship within the provinces as a condition of being admitted to practice. Some provinces may require that, in addition to the LL.B. degree, a student have a B.A. degree before being admitted to his period of articleship; other provinces will admit to articleship a student who entered on his legal studies with a minimum of two years' university work after Grade 13 or its equivalent.

In Ontario, the Law Society of Upper Canada, the governing body of the profession for bar admittance purposes, on February 15, 1957 made provision for recognizing as candidates for admission to the practice of law in Ontario persons who had entered a law course with either a degree in an approved course from an approved university, or upon successful completion of two years in an approved course in an approved university after Senior Matriculation (Grade 13 or its equivalent), or successful completion of three years in an approved course in an approved university after Junior Matriculation. The admission requirements of the Faculty of Law of the University of Windsor satisfy these conditions.

Graduates from an approved law course in Ontario are eligible for admission to the Law Society and for entrance to the Bar Admission Course conducted by the Law Society, provided they satisfy the further requirements prescribed by the Law Society, such as citizenship, good character and fitness, and payment of fees. The Bar Admission Course of the Law Society in the province of Ontario consists of a period of service under articles of one year (September 1st to August 31st of the succeeding year) and a further period of practical and clinical training supervised by the Law Society, of not more than six months (September 1st to February 28th). The foregoing requirements of the Law Society cover admission to, and the course of study in, all law schools in Canada qualifying students for admission to the Bar Admission Course.

### **Special Students**

The Faculty may, on application and on payment of the appropriate fees, admit persons as special students to attendance at lectures and classes, and as candidates for examination, in one or more of the subjects of the course. Such courses may be taken either for credit or non-credit, at the discretion of the Faculty.

### **Sessions**

The course leading to the degree of Bachelor of Laws requires full time attendance for three years. Each annual session is composed

## **Faculty of Law**

of thirty teaching weeks, exclusive of examinations, fifteen weeks in the first term and fifteen weeks in the second term.

The first term will commence Tuesday, September 2nd, and will end Tuesday, December 23rd, 1969. The second term will commence Monday, January 5th and will end Tuesday, April 28th, 1970. The mid-year recess is February 23rd to 27th, 1970.

## **Examinations**

In one-term courses examinations will be held at the end of the term in which the course is given; in two-term courses examinations may be held at the end of each term, or only at the end of the second term, at the option of the instructor. An instructor, at his option, may allow up to (and including) 50% of the final mark for term work. With the approval of the Faculty, an instructor may dispense entirely with a final examination.

In order to obtain standing for a year, a student must obtain an average of at least 60%. Honour standing will be awarded to a student who obtains standing with an average of 80% or better.

Students will not normally be permitted to repeat a year, if failed. However, the Faculty may on petition or on its own motion, permit a student to repeat a year if, in its view, his academic record taken as a whole, together with any further evidence of his general ability, indicates that he is likely to complete law school without further academic problems. Where a student petitions to repeat a year, the onus of proving that he is a good academic risk rests upon him.

## **Supplemental Examinations**

- (a) Supplemental examinations are a privilege which may be granted by the Faculty in special cases. They are not to be considered a regular method of enabling students to complete the requirements for the year, but will be granted only in cases of genuine doubt or hardship.
- (b) A student who sits and writes the regular examinations will not be permitted to write supplementals unless:
  - (i) on medical or compassionate grounds he is able to demonstrate that his performance at the regular examinations did not reflect his true ability, or
  - (ii) his academic record taken as a whole justifies the view that his failure in one or more subjects is an abnormal departure from a pattern of acceptable work; except in exceptional circumstances this will require an overall average of at least 60% on the year's work.

- (c) A student who does not sit and write all of the regular examinations may be permitted to write one or more supplementals if he is able to justify his inability to write the examinations on medical or compassionate grounds, and he does not qualify for aegrotat standing.

### **Aegrotat Standing**

- (a) Aegrotat standing may, at the discretion of the Faculty, be granted to a student, who, on medical or compassionate grounds, has been unable to write, or to pass, one or more examinations.
- (b) A student will not be granted aegrotat standing if his academic record taken as a whole does not justify the assumption that he would have successfully passed the examination. In the case of first year students, the absence of any law school record may lead to denial of aegrotat standing, although a good pre-law record, coupled with satisfactory term work and success in other examinations written may lead to the granting of aegrotat standing.
- (c) Students denied aegrotat standing may be permitted to write supplementals.
- (d) Students granted aegrotat standing in one or more subjects shall not be ranked in the class but shall receive an average mark for the other subjects taken.

## **BACHELOR OF LAWS**

### **PROGRAM OF STUDY**

The program leading to the degree of Bachelor of Laws (LL.B.) requires full time attendance for three years. Only the First and Second Years of the program will be given in the 1969-70 academic year and the Third Year will be offered in the 1970-71 academic year.

The general structure of the curriculum will be as follows:—

#### **First Year**

A basic level of instruction, through mandatory courses, in all the fundamental areas, problems, and principles of the law — this will require somewhat more stress on public law and perspective courses than the traditional First Year curriculum;

#### **Second Year**

The groundwork for concentration through prerequisite courses — some Second Year courses will be required of all students, others mandatory only in relation to concentration;

#### **Third Year**

Concentration in a small number of areas through seminars, demonstrations, supervised research, and participatory pedagogy (e.g. in evidence, procedure and negotiation) — it is expected that all courses will be optional.

## **Faculty of Law**

In order to allow the maximum concentration and not to distract the student by too much variety at any given time, most courses will be given in a single semester; in some courses this will necessitate daily class meetings.
