Father Edward L. Pokriefka was born in Detroit on April 1, 1896. He was a well known figure around Assumption in his student days, from 1922 to 1930. When finished high school, he continued his studies for the priesthood. In August 1930, he entered St. Basil’s Novitiate, Toronto and a year later took his first vows. Following theological studies at the Basilian Seminary in Toronto, he was ordained on December 16, 1934 in Assumption Church.

Father Pokriefka’s priestly life began with a year at St. Michael’s College as assistant to the treasurer. Next he was assistant pastor at St. Mary’s Church, Owen Sound, and later at St. Anne’s Detroit. In 1945 he joined the staff of his old Alma Mater. He remained at Assumption for five years. During these years he was moderator of the Dad’s Club and the Year Book.

One half of his priestly life was spent at St. Anne’s, Detroit and it was here that death overtook him on the evening of October 28, 1954. He is buried in Assumption Cemetery.

May his soul, and the souls of all the departed faithful rest in peace.
As you enter upon your scholastic labors, may I draw your attention to the Labour Day statement of the Canadian Catholic Conference: “Whatever their age, sex or social class, each is a member of that race to which these words of Holy Scripture apply: And the Lord God sent him out of the Paradise of pleasure to till the earth from which he was made” . . . God will not look upon His children upon earth and consider only those operating machines or digging ditches as people fulfilling the Divine commission to toil. On the contrary He will bless or reprove the work of the mother in her home, the farmer in his field, the scholar at his desk, and the effort of every other person who is obeying the injunction of the Scripture “Arise, then, and be doing, and the Lord will be with thee.”

(1 Par., 22,16)

Devotedly yours in Christ

Bishop of London.
After almost one hundred years of partnership on the same campus, Assumption College and Assumption High School are about to part company. In 1955 the First and Second years of the High School will move to the new building which is being constructed on Huron Line south of the Ambassador Bridge property. Shortly after, it is hoped, the other High School classes will take up their work in additional buildings provided for them on this new but nearby site. The old High School building will be occupied by the growing University's Arts Classes, leaving the Memorial Science Building for the exclusive use of the University's Science students.

During this period of transition there will be many problems and inconveniences. It is, however, hoped that the students will understand these difficulties and put up with them, knowing that the growing process will ultimately give them up-to-date facilities, a larger campus and an independence which they have not enjoyed hitherto. We are convinced that High School students will rejoice in this new freedom and that they will work eagerly and generously to assist the achievement of this plan in the shortest time possible.

May we ask your prayers for this intention.

VERY REV. E. C. LEBEL, C.S.B.
Dear Graduates,

Often we do not appreciate a good thing until after it has gone. Already you are beginning to look back over your days at Assumption and to see the benefits that were offered you. Each day of your life you will find opportunities to put into practice those principles of truth and right living which were the basis of your training here at Assumption.

May you, then, live your lives in such a way that the truths of your faith will shine forth as a light to the world. Carry with you that spirit of Assumption — a spirit of loyalty to Christ and His Blessed Mother, so well expressed in the words of our new school song, "Mary's men will ever be".

We express our gratitude to you for your work during the past four years. May the good Lord bless and keep you in whatever type of work you take up in the future years.

God bless you,

MAURICE Daignault

"The quiet man" might be an alias for "Mo". Three years of baseball and a stab at hockey have only partially filled his activities. Maurice was found to be a vote-getter as he was appointed a class officer. Having taken an active part in dramatics, his not too noisy, personable future will find "Mo" succeeding in almost anything he does.

JOSEPH Berecz

"A great all around guy", that's Joe who was elected by the seniors as president of the graduation class. He was wholly occupied with music lessons, the band, dramatics and Varsity football. He worked very hard to make this year a memorable one and certainly proved himself to be an outstanding senior and great Assumptionite.

SENIOR

To our Priest Teachers,

At the completion of four years at Assumption the foremost thought of each graduate is one of gratitude. To have had the good fortune to have as guides of our mentally growing up, such men who have generously given their lives that we might be better men of tomorrow is a privilege only a fortunate few enjoy. Their philosophy of education modeled on their motto "Bonitatem, Disciplinam et Scientiam, Doce Me" has afforded us an opportunity to become exemplars of these categories that produce the successful student. We are then, schooled in discipline and well grounded in the arts and sciences. On these we can hopefully build our Tomorrows.

Gratefully Yours,
The Class of '55.

His position on the cheerleading squad, which requires hours of practice every week has not interfered with his standing as an “A” student. In his four years at Assumption Ken has gained many friends and we are sure this is indicative of future success.

FERRIS GAULD
The first game, after only about two weeks of practice, all on basic fundamentals, they lost to Lowe Vocational 5-0. To show A.C.'s improvements during the year, they defeated this same Lowe team 16-0 under the lights in a feature game at Windsor Stadium later in the season. This proves the long and tough hours of practice worthwhile. They lost their next game to St. Patrick's of Sarnia who later in the season were crowned Senior B Champions.

Since there were no Junior teams in the Windsor area, the Junior Varsity played where and when they could, winning their next three games, twice over Leamington Seniors 11-6 and 18-8, once over Corpus Christi by 26-11.

With a record of 4 wins and 3 losses the Junior Varsity journeyed to London to play for the WOSSA championship against the favoured and undefeated defending Junior Champs from London Catholic Central. This was the game of games for the young Raiders and after a hard fought battle on a soggy field, they set out for home with a 2-0 win and the WOSSA Championship. Most of the credit should go to Father Cullen and his assistant coaches for the wonderful work they performed coaching and inspiring the first Junior championship team at Assumption since 1949.

JUNIOR CHAMPIONS

SPARTANS, Senior House League Champions

The sign of a good team is one that can come through when the chips are down. Fr. Foley’s Spartans recovered from a 16-0 pre-season defeat to lose only one more game before becoming victors. The championship game was either do or die. However, with the masterful Art McPharlin at the helm, the great running backs, Art Gilhula, Gary Vanthournout, Don Allen and the inspired line led by Ben Guiney, Bill Widger, and Terry Gilmour, the heavier Texans were overpowered. The aged bell tolling the fifteen ended the game with the score, Spartans 18, Texans 5.

THE LIONS, Junior House League Champions

In the Junior House League it was the Lions all the way. During the regular season they lost only one game and that to Fr. Faye’s powerful Flyers. The final decisions were made in the playoffs. In the semi-finals Mr. Duggan’s Buzzars fell to the mighty Flyers and Mr. Butler’s Terror’s went down to defeat at the hands of the roaring Lions. Then the showdown came between the Lions and the Flyers. The story is well told by the final score, Lions 34, Flyers 0. The Lions attribute their success to the prayers said before and after all the games; to the rugged and fast charging line made up of such stalwarts as John Gajda, Paul Thompson, Gord Wilds, John Dunn and Mike Lane. We certainly do not want to forget that speedy backfield directed by Tom Fitzgerald. It included such greats as Dyrl Brisson, Bill Parr, Hubert Seguin, and Stan Dusek. Last but not least we wish to give credit to the fine coaching of Mr. Vanderzanden, Fr. Glavin and Pete Robinet.

Varsity Basketball
Senior Varsity Basketball

The '54-'55 basketball season marked the appearance of Hank Biasatti, an ex-Assumption graduate, as the cage coach of the Purple Raiders. During the course of the season the purple pack chalked up an impressive 8-2 record. With their well-liked coach at the helm the Purple hoopsters learned the importance of team work. Taking each man separately, one would see very little, but on the floor individuality was gone and the fellows played with each other for A.C.H. From this year's team came forth an All-City selection in the person of Bob Gardner, who along with Bob McMahon, formed Assumption's fast breaking forwards to give the most potent 1-2 punch in the scoring league.

In his first year as coach, one can truly say of Mr. Biasatti, "He developed basketball players and men".

What! Five consecutive W.S.S.A. and three W.O.S.S.A. titles captured by a single team? This may sound incredible but nevertheless this feat was achieved by the Assumption High School Hockey Team as they rolled to their fifth straight city Championship and third W.O.S.S.A. Over this successful period the Raiders have won 76 games, lost 6 and tied 4.

The Champs of 1954-55 are being boasted by the critics as being the best balanced hockey club in the history of the school's great hockey career. The ability of this year's squad was unlimited and never really tested and was put to great use by the training and guidance of coach Father R. Cullen and Father Foley. The team was composed of two exceptionally fast and clever lines, backed by a speedy and hard-checking defence which protected the infallibility of net minder Clayt Tourangeau. The amazing offense and defensive powers limited the opposition to 23 goals in 18 games while the productive lines of the fast skating club produced 113 goals.

Clayt Tourangeau and Ted Broad, Assumption's faultless net minders, enjoyed a string of 6 consecutive shut-outs, protected by Tom Paterson, the best working rearguard in the circuit, rookie Bob Marchand and veteran Jerry Carpenter. Captain Ega Cusinato centred the production line with Al Gatti and Ed O'Reilly whose finesse and smooth passing plays bewildered their befuddled opponents as they swept effortlessly in to score. Rookie Wayne O'Reilly pivoted the hard checking line of George Husak and Roy Giroux whose brilliant forechecking set up many a goal. Dick Girling, Gary Langlois, John Boyle, Murray Hill and Greg Anderson played valuable relief roles.

The combination of these talents scholastically, spiritually and athletically moulded a fast skating and hard checking organization which proudly upheld the tradition handed to them by previous title winners.
Assumption Midgets

The Windsor Minor Hockey League had its beginning this year. It is part of the O.H.A. through the Minor Ontario Hockey Association. In this league an opportunity to play organized hockey is given to boys under sixteen in Windsor.

Eight teams compose this league: Belle River, Bulldogs, Mic-Macs, A.K.O., Firemen, LaSalle, Riverside, and Assumption. After starring for the Midgets for several games Wayne O'Reilly graduated to the Varsity as well as Paddy McEachen. In Wayne's second game, he scored three goals and assisted on two of six goals. Roger Pindus' steady work in the nets was supported by strong defensive work by Paddy McEachen, Paul Rosehart and Doug Specht. While the others did their share to form a unified team special mention should be given to Barry Giroux, "Lulu" Lemire, Tom Bradd and John Langlois.

Entering the playoffs as underdogs, A.C. defeated the power-laden A.K.O. team in sudden death overtime. Paul Rosehart was the marksman. Defeat finally came by the strong Bulldogs in city semi-finals in overtime.

From the Midgets of today will be formed the Varsity of Tomorrow.

Consecration to the Mother of God in the Sodality is an entire gift on oneself, throughout life and for all eternity; it is not a gift of mere sentiment; it is not a mere formality.

A sodalist, truly a son of Mary, a knight of the Virgin, cannot content himself with a simple service of honor; he ought to be at her call in everything. He has enrolled himself under her standard for perpetual service; he has no longer the right to lay down his arms through fear of attacks and persecutions; he cannot without unfaithfulness to his own word desert and abandon his post of Combat and honor.

The present time demands Catholics without fear, to whom it is a thing supremely natural to confess their faith openly in word and in deed everytime the law of God and regard for Christian honor demand it. Real men, whole men, strong and fearless. Not men who are men by halves whom the world itself today rejects, thrust aside and tramples upon.

To form such young men and such Catholics is the aim of the Sodality.

Sodality

Young Christian Students

Slowly but surely the Y.C.S. is becoming a deeply rooted and important organization at Assumption. More copies of the C.Y.O. — Y.C.S. Spotlight the official Diocesan newspaper for youth have been purchased by us monthly than by any other school in the diocese.

This movement is best known to the students though the Spotlight, campaign weeks and class discussions. What a lot are not fully aware of is the fact that Y.C.S. members were part of the driving pace behind many of the school projects during the school year.

Most classes had one representative in the Y.C.S. These members helped themselves and the members of their classes to see, judge and act as Catholics on the problems surrounding student and teenage life.

The main theme for the year was the family. Such great speakers as Bishop Nelligan, Father Higgins, and Father Clemens addressed the student body on this topic.

Ten years is a long time from now. But sometimes it's fun to speculate about the things in the future!

Consider this book, for example. In 1965 when you take it out of the bottom drawer (slightly dusty), it's bound to bring back many pleasant memories. The pictures will bring alive half-forgotten friends! Those happy escapades will become the wonderful "good old days ten years ago".

We are happy to have helped produce this book, along with your editors and their staff, the more so because of the fun and pleasure it will provide not only today but 10 years from today — in 1965.

4 Ways to Pay for College!

1—CURRENT INCOME But sometimes college takes so much out of current income, there isn't enough left to do the things you ought to for others in the family. And what if something happens to you before your child is through college?

2—SAVINGS But do you have any guarantee you'll have enough saved when the time for college comes? And if you should become disabled or die, would your wife be able to go on making the savings deposits needed to build the college fund?

3—WORKING YOUR WAY It becomes harder and harder for a boy or girl to work his way through college. A recent University of Illinois survey shows the average pupil spends $1,150 a year but earns less than $140 annually, including summer work.

4—AN INSURED EDUCATIONAL PLAN The insured plan breaks the total down into small annual deposits; and it guarantees that the exact amount of money needed will be ready when it's time for college, whether you are here or not.

Help your Child answer this Ad!

SINCE COLLEGE ADDS $100,000 to total earnings, each year your child attends is worth $25,000 to him. Help your child answer this ad by insuring his college fund!
