Book owned by The Assumption High School Alumni, and scanned for Hunt Hool, April 2018
Our Alma Mater is often thought of in terms of mere brick and mortar. It is true that many associate the name Assumption with these yellow-faced halls ranged out along Huron Church Line. But there is more to Assumption College School.
It's called Spirit. Not just the Rah Rah variety that packs every Raider game. Rather the spirit of comradeship which exists amongst all the teachers, boarders, day scholars, in fact all the members of the family of Assumption. The 1969 Crusader is dedicated to all those people who are part of this family.

10-2
For the first time in the history of the Detroit Amateur Baseball Federation, a team has won successive championships in the Billy Rogell League (under 16 years of age)—the Assumption E entry. Since Detroit is regarded as the best town in the U.S. for amateur teenage baseball, Assumption’s victory is most gratifying and unusual. The same team won the Class F title in the Windsor Baseball Federation.

Catholic Education Assembly

Mr. Hugh Peacock, M.P.P.
A message from Chrysler Canada Ltd. to all you young men and women who will come of driving age this year.

Your province says you're old enough to drive.
Your dad says you can take the car.
You're on your own—no big person to tell you what to do, how to do it, where to go, how fast to go there.
Turn the key—Put'er in drive . . . Step on the gas . . . and let her roll.
What are we waiting for?

- We hope you're waiting for a few words—not a lecture nor a scolding—from a company that makes cars for a lot of dads like yours.
The first time you take out the Family Car you put yourself in the situation that separates Kids, with merely a licence to drive, from Young Grown-Ups with moral driving responsibility, and mental driving good sense.
You may have the quickest reflexes in your block and 20-20 vision, but if you don't have 50-50 respect for other cars and drivers on the road and for the money your dad has put into that car you're neither old enough nor good enough to drive. No matter what that driving licence says.
You're starting to drive in an age when cars are built stronger, handle better and drive safer, but even a Sherman tank or an armored Brink's truck can't stand up against some of the dumber drivers and red hot speeds on Canadian roads today.
You're the country's driving hope. The only real chance motorists and motoring have for the future is that young drivers coming on our roads today will be better, safer, more responsible drivers than their fathers or mothers.

There is no reason why they shouldn't be.

As one teenager, recently quoted in a newspaper, says, "We teenagers are good drivers. The only trouble is that because we're so good, some of us get too sure of ourselves and take too many chances."
Let's look at it this way: The first time you take out the family car on your own, you're boss of thousands of dollars' worth of steel, rubber, aluminum and glass.
It has everything it takes to get you somewhere and back—except a brain.
Don't forget that's the most important thing about driving—and the brain is you.

One dumb driver can cause an accident, but when two dumb drivers meet, there isn't a prayer. You be the smart one.

There are a dozen ways a kid can show he's growing up, but the surest way to judge him is "Does he drive Grown-Up Style—really grown-up?"
