REGISTRATION

IMPORTANT

It is possible to register for Summer classes by mail. This procedure is available only to those who are certain which subject or subjects they are going to take.

To register by mail, kindly fill in the section of this brochure provided for that purpose. (See last page.) Registration materials will then be sent.

It will make registration procedure much simpler if prospective students will send official results of Departmental examinations and other pertinent documents when they submit their application.

Registration by mail may not be made after June 23.

FEES

Tuition is based on the number of hours of instruction each class day during the Summer Session:

Each hour \$35.

* Non-resident students pay an extra charge of \$10 per hour of instruction.

Science Laboratory fee \$30

Language Laboratory fee \$10

Pro tanto (advance standing) \$10

Room and Board—Double occupancy \$135

Single occupancy \$150

* A student who lives outside the British Commonwealth of Nations.

RESIDENCE

Residence facilities for both men and women are available according to the above schedule. Students desiring residence facilities should indicate their preference when they contact the Director of Extension. This should be done well in advance of registration in order to ensure the desired accommodation.

GENERAL INFORMATION

SUMMER COURSE LOAD:

Two full courses or the equivalent in half courses is the maximum permitted any student in any one Summer Session. A student who is employed may not attempt more than one full course or two half-courses in any one Summer Session. Students enrolled in a Science or an Honors course may enroll in only ONE subject in the Summer Session.

TRANSFER STUDENTS:

Of the 17 courses (beyond Grade XIII) necessary for the general B.A. degree, the University may accept a maximum of 12 courses by transfer from another approved university or college, provided such courses are comparable in content and weight to courses given at Assumption. No more than 6, however, of these 12 courses may have been completed by correspondence.

At least two of the subjects constituting the student's major (or combined major) must be taken at Assumption, regardless of the number of such subjects the student may have completed elsewhere.

TRANSIENT STUDENTS:

Students who are regularly enrolled at other universities but who wish to take summer courses at Assumption University are required to have the permission of the Registrar of their home university IN WRITING. This permission must state the exact course which is approved.

WITHDRAWAL AND REFUND POLICY:

Students are held financially responsible for all courses in which they enroll in July unless they officially withdraw. Merely ceasing to attend class does not constitute an official withdrawal. As soon as possible, students must notify the Director in writing.

If withdrawal is made during the first week of classes a refund of 80% will be given; during the second week 60%; during the third week 40%. After the third week no refunds are available.

Checks for refunds will be available only four weeks after withdrawal from Summer School classes.

REDUCED RAIL FARE:

Students may obtain reduced fares on railways by asking for a "Standard Convention Certificate" when they purchase their ticket to Summer School. This certificate will be endorsed at the University for reduced return fare.

The Summer School reserves the right to cancel any course in which fewer than thirteen students register, and to make such changes in time-table as circumstances may require.
