## DIVISION OF EXTENSION

## INTERSESSION SUMMER SESSION SUMMER EVENING SESSION

1970

## VERY IMPORTANT NOTICE

Commencing in March 1970, it will no longer be possible to register in person.

All registration in the university will take place by mail.

Please consult the procedures and dates as indicated on pages 4, 5 of this calendar.

Counselling, when required, is available for Extension students by appointment with the Extension Office.

It is recommended that students who are within five courses of graduation make such an appointment. Others will find the explanation of their standing by a careful reading of this calendar.

Most Departments have devised a new numbering system for their courses which will be effective in September 1970. In anticipation of this, we have listed courses in this calendar according to this system. The numbers in brackets following the first number are the former listing of these courses.

Clear distinction must be made among the terms APPLICATION, ADMISSION, and REGISTRATION. They represent three steps which must be taken in that order

1. **APPLICATION** is the very first official action taken by a prospective student. He obtains an application form from the Office of the Registrar on which he will list some personal data which can be used by the university, along with supporting documents. These data will be evaluated and if found satisfactory, the applicant will receive a "Permit-to-Register".
2. **ADMISSION** This is the reception of an official statement ("Permit-to-Register") from the university that the applicant has satisfied all the requirements for the undertaking of a university program.
3. **REGISTRATION** This is action taken by the student AFTER application has been made and acceptance received from the university in the form of a "Permit to Register". See page 4,5 for registration procedures.

#### DOCUMENTATION REQUIRED IN SUPPORT OF APPLICATION

# GENERAL INFORMATION

The Extension Division of the University of Windsor is an integral part of the educational program of the university. It is organized to serve those members of the Windsor community and its environs who are unable to attend as full-time students. Extension students can begin a college education, continue previous programs, improve their knowledge and skills, as well as study for self improvement or avocational interests.

The courses offered are of the same caliber as the day program, and are interchangeable at any time according to the needs of the students. Degrees and Certificates are granted by the University, regardless of whether the classes were attended in the Extension Division or as full-time or part-time day students.

## RESIDENCE AND LENGTH OF COURSE

The number of years of attendance required for the attainment of any degree is as indicated in each program. This time may be reduced through the transfer of credit from another university. In each case attendance at intramural classes for at least one full academic year or the equivalent (three Summer Sessions or three Winter Sessions part-time, or a combination of these) shall be required.

In the case of programs leading to undergraduate degrees, a candidate may be excused attendance for not more than one full academic year (5 courses) through the transfer of credit obtained by correspondence courses.

## Transfer of Credits

Of the 16 courses (beyond Grade 13) necessary for the general B.A. degree, the University may accept a maximum of 11 courses by transfer from another approved university or college, provided such courses are comparable in content and weight to courses given here. No more than 5, however, of these 11 courses may have been completed by correspondence.

At least two of the subjects constituting the student's major must be taken at the University of Windsor, regardless of the number of such subjects the student may have completed elsewhere.

## CLASSIFICATION OF STUDENTS

**An Adult Student** is one who lacks the regular admission requirements and who is twenty-one years of age by December 31 of the year of application, and who has been out of full-time formal Secondary School studies for **three** years or out of Grade 13 for **two** years. A student in this category may be admitted to First Year on probation; prerequisites for a specific program are to be made up by additional courses or private study. The applicant's birth certificate must be submitted with his application.

**An Audit Student** is one who is admitted to a credit course simply as a "listener", and not for credit. He is not obliged to do the assignments and is **not** permitted to write the examination. In the event that an **AUDIT** Student writes the examination contrary to this regulation, the mark submitted by the examiner will not be entered on any university record.

Students registered in this category must sign the following declaration:

I, the undersigned, understand that the courses which I am taking as an audit student cannot count towards degrees or diplomas issued here or elsewhere, now or in the future.

**A Conditioned Student** is one who, in any year, does not have standing in a required subject or subjects of a preceding year. He may not take more than 6 other courses as long as these conditions remain (See page 21, "Limitation of Course Selection".)

**A Full-Time Student** is one who is registered in four or more full under-graduate courses.

**An O.C.E. Up-Grading Student** is one who is a college graduate, taking courses for certification by the Department of Education.

**NOTE:** Any teacher wishing to use the courses listed in this calendar for credit toward the academic requirements for Endorsement or Type A must write to the Director, Advanced Academic Requirements, Ontario College of Education, 371 Bloor Street West, Toronto 5, Ontario, for an official ruling on his standing, in order to ensure that the courses in which he wishes to enrol will meet the requirements of his own academic programs.

This permission must be obtained **EACH** time the student wishes to take a course for upgrading purposes.

New students should not wait for approval from O.C.E. before requesting application forms.

Some courses are listed in the calendar only at the general level. For purposes of upgrading teaching certificates, these courses may be taken at the honors level, but only with the **written** permission of the Head of the Department.

A **Probationary Student** is one who is placed in that category either by the Committee on Admissions or the Academic Standing Committee of his Faculty.

A **Provisional Student** is one who is allowed to attend class while his application is incomplete or under consideration by the Committee on Admissions.

If the file is not complete by the last day of registration, or if the student is not eligible for admission as a credit student, he will be allowed to continue on a non-credit basis only, as an **Audit Student**. (See "Audit", page 9 ).

A **Regular Student** is one who has satisfied all the admission requirements and is pursuing the course program as outlined in the calendar.

A **Repeating Student** is one who is required to pass each individual subject of an approved registration or obtain a C average on these subjects for the equivalent of one full-time academic year (for I year, 6 courses; for II and III Years, 5 courses). If he fails to do so, he shall be required to withdraw.

A **Special Student** is one who is taking courses for credit but not proceeding to a degree at this University.

A **Transfer Student** is one who wishes to transfer his credits (at any level) to the University of Windsor from another college or university.

A **Transient Student** is one who is taking a course for credit at the University of Windsor with the **written** permission of the Registrar of his home university.

### COURSE LOAD

No more than **TWO** courses may be taken during the Intersession.

No more than **TWO** courses may be taken during the Summer Session.

In practice, this means that a maximum of **FOUR** courses may be taken during the May to August Sessions.

Students enrolled in a course that also involves lab work will require special permission to take a second course.

## WITHDRAWAL AND REFUND

**READ THIS! IT MAY SAVE YOU MONEY! IT MAY PREVENT YOUR GETTING AN UNDESIRE "F" ON YOUR TRANSCRIPT!**

Non-attendance or notification of the instructor does not constitute withdrawal from classes. An Extension student desiring to discontinue any or all classes for which he has enrolled **must notify the Extension Office**. This must be done in person. If this is not possible for any reason, the withdrawal can be made by sending a Registered Letter to the Extension Office, indicating the reason for withdrawal. You must also include the receipt form received when fees were paid. If you withdraw totally from the university, you must also include your I.D. Card. When the withdrawal is made by letter, the effective date of withdrawal will be the postmark date.

Should a refund be in order, the Cashier's Office will remit a cheque in due course.

# ACADEMIC INFORMATION

## STUDENT NUMBERS

Each student registering after July 1966 will be assigned a student number by the Treasurer's Office. This number will be retained by the student throughout his university career. A record of it should be kept at all times, and be used as required on the various forms which the student will be required to complete from time to time.

In the event that you lose your I.D. Card or other record of your number, contact the Treasurer's Office.

## GRADING

The grading for individual subjects in General and Honors programs is as follows:

A+, A, A-	= Excellent
B+, B	= Good
C+, C	= Fair
D+, D	= Pass
F, F-	= Failure

If a student is permitted a supplemental examination, it is so indicated.

## REGULAR EXAMINATIONS AND TERM WORK

The regular examinations will be held in December, April, June, and at the close of the Summer Session. If a student writes more than one examination in a course, the last mark he obtains shall be the only one considered for academic credit.

Term work in a course will not be credited to a student beyond the year in which the course is taken.

## SUPPLEMENTAL EXAMINATIONS

A supplemental examination is one allowed in a subject in which a student (who has not failed his year) has failed to obtain standing at the regular examination. This examination is held at a time designated by the Dean. The fee is \$10.00 if written at a regular examination period, and \$20.00 if written at another time or place.

A student granted permission to write a supplemental examination must avail himself of this privilege at the first opportunity and the time and place designated.

All supplemental privileges will be determined by the Dean of the Faculty concerned in consultation with the Faculty Council. Supplemental examination privileges may be allowed in both General and Honors courses. Supplemental examinations are written in June, July or early August. The grade submitted will be based in whole or in part on the performance on the supplemental examination and such other additional work as may be assigned by the instructor. Supplemental grades will not be included in the determination of the year's average.

Applications for the summer supplemental examinations are available in the Registrar's Office. They must be returned to the "Examinations Secretary", Registrar's Office, University of Windsor, at least two weeks before the beginning of the supplemental examinations.

A student who has failed his year is not permitted to write any supplemental or special examinations on the work of that year.

Only **four** supplemental examinations will be allowed in the sixteen courses required for the general Bachelor of Arts degree. They will be distributed as follows: **two** in the first six courses, **two** in the remaining ten courses. If a student fails any course after the four supplementals have been written, the subject must be repeated, or another course substituted.

## SPECIAL EXAMINATIONS

A special examination, is an examination other than the regular or supplemental examination, permitted by the Dean for a grave reason and after special application. No special examination may be assigned except on the recommendation of the Head of the Department concerned, after consultation with the instructor involved. (Often students should be advised to adopt the alternative of repeating the lectures and taking the next regular examination).

A student who fails to appear for a paper at the time set on the examination timetable will not be allowed to write on the examination paper thus missed, but may be permitted to write a special examination upon fulfilment of the conditions indicated in the above paragraph at a time determined by the Registrar after consultation with the Department and instructor involved.

The fee for a special examination is \$10.00 if written at a regular examination period, and \$20.00 if written at another time or place.

## FAILURES

### (a) Failure of a subject:

To pass a subject a student must obtain a D standing.

If the mark obtained in a subject is an F, a student may be allowed to write a supplemental examination (see below).

A student who has been allowed to write a supplemental examination, and fails to obtain at least a D standing in it, will not be eligible for re-examination without a further year's attendance in the course in which he has failed.

An Extension student who fails a prescribed course (i.e., after writing the regular or supplemental examination) must repeat that course at his next session of attendance, if the course is offered.

### **A failed course may be repeated once only.**

If a student fails two out of any consecutive six courses, or has less than a D average on the six courses, or has a low major average, his case will be considered by the Academic Standing Committee of his Faculty.

**A STUDENT WHO DOES NOT OFFICIALLY WITHDRAW FROM A COURSE (SEE PAGE 11) AND DOES NOT WRITE THE FINAL EXAMINATION, WILL RECEIVE A FAILING GRADE IN THAT SUBJECT AND WILL NOT BE ENTITLED TO FURTHER EXAMINATION WITHOUT REPEATING IT.**

**(b) Failure of a year:**

A student who has failed his year is not permitted to write any supplemental or special examinations on the work of that year, but will be allowed to retain credit in subjects in which he has obtained a B grade or better (Faculty of Arts and Science) or C or better (Faculty of Business Administration).

A student who is required to repeat his year in the **Faculty of Arts and Science** must obtain a passing grade in each individual subject of his approved registration or an overall average of C at the following spring examinations. If he fails to meet this requirement he will be required to withdraw from the Faculty of Arts and Science.

A student who is required to repeat his year in the **Faculty of Business Administration** must obtain an overall average of C and an average of C in the Honors courses, or withdraw from the faculty.

**(c) Readmission of students who have been required to withdraw for academic reasons:**

Students who have been required to withdraw must withdraw for one complete year from all regular and Extension courses. They may then reapply to the Senate Committee on Admissions for readmission. The Committee may refuse the petition for admission, admit to partime day or Extension courses only, or admit to full time studies. Such students, if re-admitted, will be subject to the regulations applying to repeating students.

Students who have been required to withdraw a second time, will not be eligible for readmission under any conditions.

## APPEALS

**(a) Aegrotat Standing:**

A student who wishes to receive consideration on account of serious illness or bereavement or other grave reason prior to or during the examination should communicate with the Extension Office **before the close of the examination period**. Documents in support of this appeal (e.g., a medical certificate) must be submitted to the Extension Office **within a week of the close of the examination period**. In such cases the Committee on Academic Standing may grant standing in the subject or subjects concerned on the basis of the term mark alone.

**(b) Other Appeals:**

While all papers in failed subjects are re-read before the grades are submitted, and every care is taken to record marks accurately, any student who considers that some factor affecting the final mark on the

examination was not considered by the examiner, may appeal to have the subject reviewed. This request should be submitted in writing to the Registrar's Office within two weeks of the official publication of the student grades, together with a fee of \$10.00. In the event that the grade is changed as a result of the appeal, the fee will be refunded.

Appeals should be addressed to the Secretary of the appropriate Faculty, and sent to the Registrar's Office.

## GRADUATION

If your present registration completes your degree requirements, contact the Registrar's Office for other information relative to graduation.

Registration in any program does not constitute an application for a degree or diploma.

An official application for graduation must be filled out and filed in the Registrar's Office 30 days prior to the Convocation at which the applicant hopes to graduate.

In cases in which credit is sought for work done elsewhere, official transcripts or other documentary evidence required by the Registrar's Office, not already submitted, must be conveyed to the Registrar's Office prior to the same date. Failure to comply with these regulations will disqualify the student for graduation at the Convocation concerned.

Each prospective graduate must be present in person at Convocation in order to receive his degree or diploma, unless excused for a serious reason by his Dean, and unless arrangements have been made with the Registrar to receive the degree in absentia.

## TRANSCRIPTS

Students wishing to order transcripts should contact the Registrar's Office.

## LIBRARY SCIENCE

Every student entering the University of Windsor in Preliminary or First Year is required to complete satisfactorily a course in Library Science except those who have complete similar work at Teacher's College and submit their Teaching Certificate.

## LETTER OF PERMISSION

Extension students, wishing to take courses at another university either by intramural instruction or by correspondence, must obtain **written permission from the Director of Extension for each subject.**

### ADMISSION REQUIREMENTS

The following are the requirements for regular admission. Students lacking regular admission requirements may be admitted under special conditions (see page 19 ).

#### Admission To First Year

Admission to First Year of the University is obtained in one of the following ways:

##### (a) From Ontario Grade 13:

The general admission requirement is an average of 60% on a minimum of seven credits, including a language or Mathematics A.

The language may be English, French or a foreign language; it is strongly recommended, however, that English be included among the seven credits.

Among the seven credits required, not more than two credits will be acceptable from the following: Art, Music, Home Economics, Accountancy Practice, Secretarial Practice, Mathematics of Investment.

In addition to the above Grade 13 requirements, applicants for admission to First Year should also have standing in at least six Ontario Grade 11 and 12 subjects (excluding Physical Education). While not absolutely compulsory, it is strongly recommended that these subjects include English, another language, Mathematics I and II, Physics, Chemistry, and Geography or History.

Credit value of Grade 13 subjects: Mathematics AB=3 credits; English, all languages, and Mathematics A=2 credits; all other subjects=1 credit.

##### (b) From Preliminary Year:

The satisfactory completion of the Preliminary Year prepares a student for admission to First Year of all undergraduate programs, provided the proper subjects are chosen.

### **(c) From Outside Ontario**

An applicant who has completed High School work outside Ontario should submit the Departmental or other official certificates (originals) to the Committee on Admissions for a decision regarding eligibility for entrance.

The General Certificate of Education of **Great Britain** (or an equivalent certificate from elsewhere in the Commonwealth) will admit to the First Year provided it indicates satisfactory completion of five subjects, with two at the Advanced Level appropriate to the course chosen, or four subjects with three at the Advanced Level appropriate to the course chosen.

### **Special Admission**

Students lacking the regular admission requirements are outlined above may be admitted to the University under one of the following:

#### **(a) Adult Student:**

A student who lacks the regular admission requirements, and who is twenty-one years of age by December 31 of the year of application, and who has been out of full time formal Secondary School studies for **three** years or out of Grade 13 for **two** years, may be admitted to First Year on probation (see below); prerequisites for a specific program are to be made up by additional courses or private study. The applicant's birth certificate must be submitted with his application.

#### **(b) Teacher's College Graduate:**

Graduates of the one year program of the Ontario Teachers' College, who do not otherwise qualify for admission, may be admitted to First Year Arts on a six-course probation program.

Of the first three courses taken, two must be taken during the same session, a grade of D obtained in each, and an average of C on the two course combination. At the end of the two course session, if the required grades and averages have not been attained, the student may be required to withdraw from the university. If the required grades and averages are attained, the student may continue in Extension on probation until the six required courses have been taken. To remove probation, the student must pass six courses with an overall average of D.

#### **(c) On Probation:**

A student lacking the full admission requirements may be placed on probation by the Committee on Admissions. Probation is removed when the student passes his probationary period.

Students placed on six course probation must pass four of the first six courses taken and obtain an average of D on the six. Should the student fail his year, he will not be allowed to repeat, but will be required to withdraw from the Faculty. For regulations pertaining to the possible readmission of students who have been required to withdraw, see page 16

An Extension student who fails to remove probation must withdraw from the university for one full year. He may then apply for readmission. If he fails a second time, he will be required to withdraw permanently from the university.

**(d) On Trial:**

A student may be accepted into a particular course program on trial; if such student shows unsatisfactory progress or fails his year, he will not be permitted to repeat the same course program.

**(e) Audit Student:**

For regulations pertaining to this category see page 9.

**(f) Transfer From C.A.A.T.**

Students who achieve high standing in the three year program of the Ryerson Polytechnical Institute or a College of Applied Arts and Technology may be considered for admission to an appropriate second year university program. Students who achieve high standing in two years of non-university post-secondary education may be considered for admission to an appropriate first year university program.
