WINDSOR ONTARIO CANADA

The Greater Windsor Industrial Commission is supported by the City of Windsor, the Windsor Utilities Commission, the Townships of Sandwich East and Sandwich West, the Towns of Ojibway and Riverside.

The function of the Commission is to promote the development of new industry and encourage the expansion of existing industry.

Comprehensive information concerning industrial properties and other data is maintained and enquiries are invited. The Industrial Commission accepts no fees or commissions and all enquiries are handled in a personal and confidential manner.

FOREWORD

The demand each year encourages further improvement in this Directory of Industries prepared by the Greater Windsor Industrial Commission.

The 485 industries of this area are listed alphabetically on the white pages of the Directory.

The number before the name of each company is the key to the cross-index which makes up the second part of the Directory (yellow).

The letter following the name of each company is the key to the number of employees. The key letters denote:

A - 1,000 - over

D - 100 - 249

B - 500 - 999

E - 25 - 99

C - 250 - 499

F - 1 - 24

The blue pages of the Directory contain the names and addresses of government officials residing in Windsor.

The Greater Windsor Industrial Commission provides this Directory of Industries so you will have an efficient and accurate guide for your purchasing requirements and sales staff.

Each year Windsor's industries produce more than any one of five of Canada's ten provinces. (Prince Edward Island; Newfoundland; Nova Scotia; New Brunswick; Saskatchewan) New and expanded production facilities are continually being added. For further information, it is suggested that you contact the office of the Industrial Commissioner, 369 Pelissier Street, telephone 256-2697.
