"This is a vital and important journal --"

-- Judith Hoffberg/Umbrella --

(Publisher's Choice) "this is one hell of an impressive product. I've never seen any other magazine that so successfully moves back and forth from academic analysis to the frontiers of experimental art."

-- Mike Gander/Fact Sheet Five --

"Rampike -- is one of the most elegant and lively 'zeens' in Canada"

-- Phil Hall/Books in Canada --

"Visually and verbally aggressive, energetic, hyperbolic -- Rampike uses Futurist vocabulary, typography, and visual trademarks -- post-Futurist writings as those collected in journals like Rampike are nothing if not politically engaged -- the very enunciation of words immediately losing itself by means of implosion, cancellation, and reversal -- the 'playback' that operates in Laurie Anderson's songs."

-- Marjorie Perloff/Formations --
