

## Call for Presentation Proposals

The UWill Discover conference is an excellent opportunity for you to showcase your research or original creative work in a professional setting before your peers, faculty, and the public. Each presentation will be reviewed by expert faculty and guest respondents. Prizes will be awarded in many different categories!

Students in *any* undergraduate discipline are eligible to participate in the UWill Discover conference. All participants will complete all three of the following elements:

1. **Proposal**

All participants must submit an abstract to our website, which summarizes your proposed presentation. Your proposal can be specific to one discipline, or multi/interdisciplinary. *This is all that is required at the submission stage.*

2. **Research Talk**

Student participants will record a three-minute talk in which you give an overview of your project and share your excitement about it. Recording of accepted submissions will take place in **February of 2016**. *Students who are unable to appear in person on camera will have other options - Please contact Simon Du Toit (sdutoit@uwindsor.ca)*

3. **Presentation**

You will present your research at the conference on March 29, 2016. Students can choose to present their work in one of four modes:

1. Digital Poster
2. Oral presentation
3. Performance (Music, Dance, Dramatic Art, etc.)
4. Demonstration or Installation

Detailed guidelines for how to prepare an abstract, a research talk, and a poster are available on our website.
